			What is the safety concern for Safety Recall 72L6?	The front seat tracks are possibly missing bolts in the seat tracks. Without the bolts present, the seat can move front and back without restrictions (no limit stop). This can increase the risk of injuries in the event of a crash.												
			What is the repair for Safety Recall 72L6?	To correct this defect, your authorized Volkswagen dealer will inspect the front seat tracks for missing bolts and install new bolts if required. This work will take about an hour to complete and will be performed for you free of charge. Please keep in mind that your dealer may need additional time for the preparation of the repair, as well as to accommodate their daily workshop schedule.												
			When will the repair for Safety Recall 72L6 be available?	Parts are available now and repairs have begun. Please contact your authorized Volkswagen dealer without delay to schedule this recall repair. To set up an appointment online, please visit www.vw.com/find-a-dealer .
