

# Part 573 Safety Recall Report

## 21V-175

**Manufacturer Name :** LGS Industries, Inc.

**Submission Date :** MAR 12, 2021

**NHTSA Recall No. :** 21V-175

**Manufacturer Recall No. :** 20210312SCU

### Manufacturer Information :

Manufacturer Name : LGS Industries, Inc.

Address : PO Box 339  
BRISTOL IN 46507-0339

Company phone : 574-848-5665

### Population :

Number of potentially involved : 60

Estimated percentage with defect : 100 %

### Vehicle Information :

Vehicle 1 : 2021-2021 LGS Industries SCU

Vehicle Type : TRAILERS

Body Style :

Power Train : NR

**Descriptive Information :** The total number of model SCU affected by this recall, represent the total number of trailers built in this configuration. This model is the only type of trailer built under the brands LOOK, Pace American, Cargo Express, Formula and Impact, in this configuration that would require its being involved in the recall.

**Production Dates :** NOV 01, 2019 - JAN 03, 2021

**VIN Range 1 :** Begin : 53BFTEA19MB004257 **End :** 53BLTEB25MT031489 ☒ Not sequential

### Description of Defect :

**Description of the Defect :** A decal that warns of an asphyxiation danger was not installed in the trailers affected by the recall

**FMVSS 1 :** 101 - Control and displays

**FMVSS 2 :** NR

**Description of the Safety Risk :** If the customer uses the bed and an internal combustion engine in the same confined area, asphyxiation and death could occur if the customer does not heed the warning on the decal.

**Description of the Cause :** Oversight on the part of engineering did not include the decal in the bill of materials.

**Identification of Any Warning that can Occur :** No warning. Decal is not present.

### Involved Components :

Component Name 1 : Asphyxiation Danger Decal

Component Description : warning decal

Component Part Number : N100-021

### Supplier Identification :

#### Component Manufacturer

Name : NR

Address : NR

NR

Country : NR

### Chronology :

A review of the bill of materials by engineering for the affected trailers revealed that the decal was not included. Realizing this oversight, the recall process was immediately initiated.

### Description of Remedy :

Description of Remedy Program : Letters will be sent to our dealers and customers informing them of the recall and ask them to contact our customer service department. Once the customer service department has been contacted, a decal will be sent with instructions for the proper application and verification that the decal has been applied. Our dealers will be compensated for their time of 15 minutes once they have completed the necessary paperwork. Quarterly reports will be submitted to monitor the progress of the recall.

How Remedy Component Differs from Recalled Component : The remedy component and the recall component are the same item.

Identify How/When Recall Condition was Corrected in Production : Any trailer that is in current production has been identified through a document inspection and will include the decal as part of the production process.

### Recall Schedule :

Description of Recall Schedule : Information gathering for the affected trailers will begin immediately. Dealer and customer letters will be drafted and prepared to be set out. Revisions will be made to the letters and they will be sent.

Planned Dealer Notification Date : APR 01, 2021 - APR 30, 2021

Planned Owner Notification Date : APR 19, 2021 - MAY 10, 2021

\* NR - Not Reported
