

## Vehicle RECALL Reminder

**Your vehicle is subject to a safety recall**

Your vehicle may be missing an internal bushing in the rear brake caliper. As a result, brake fluid may leak and cause reduced braking performance, which can increase the risk of a crash. Nissan notified owners of this recall beginning in June 2021.

Please contact a Nissan Dealer now to receive the free recall repair (recall ID PC804).

Thank you for being a Nissan Customer.
