Chronology :

On May 7, 2021, The manufacturing plant notified Forest River's Office of Corporate Compliance ("OCC") that the breakaway switch may not have been wired to the correct battery disconnect terminal.

On May 10, 2021, OCC opened an investigation with the manufacturing plant.

On May 12, 2021, OCC and the plant determined the wiring in question was isolated to a certain manufacturing schedule and ended on April 6, 2021. All vehicles in Forest River possession where inspected and remedied as needed.

On May 14, 2021, Forest River's Corporate Recall Committee voted to recall.

Description of Remedy :

Description of Remedy Program : Forest River will provide all parts and labor at no charge to the consumer. An authorized Forest River or Coachmen dealer or service center will need to perform the remedy. The remedy will include wiring the breakaway switch to the constant power lug to the battery disconnect.
