

ADDITIONAL UPDATE - SAFETY RECALL Y26 - WHEEL STUDS

As previously communicated, Safety Recall Y26 Dealer Service Instructions for **MY 2019 - 2021** release Nov. 23, 2021.

In addition to previous gauge information communicated, please see below for updates on the Safety Recall Y26:

- Completion of Y26 **MY 2019-2021** will require a label over the lug nut torque specification page in the Owner's Manual and insertion of an addendum card
- To obtain Labels and Addendum cards, follow the instructions below:
 - **PROCESS STEPS TO OBTAIN ADDENDUM CARD(S) AND/OR ADHESIVE LABEL(S):**
 1. Access **DealerCONNECT**.
 2. Select **Marketing** in the header of DealerCONNECT.
 3. Locate the **Product Information** section heading on the Marketing page.
 4. Select **Literature and Merchandising Materials** in the Product Information section.
 5. Locate the **Mopar** section heading on the Literature and Merchandising Materials page.
 6. Select **Recall Labels /Cards** listed in the MOPAR section.
 7. **Select Item > Update Cart > Submit Order.**
- Dealers can order a minimum of 10 pieces (both labels and addendum cards), a maximum of 50 pieces at a time. Note: Labels and addendum cards should be ordered in **sets**.

Reminder

- Measurement gauge shipped to dealers the week of Nov. 1.
 - Do not use the gauge until Dealer Service Instructions are released.
 - Information flyer to the right is included in gauge shipment package.
 - Contact Mopar Essential Tools for gauge issues (1-855-298-2687).
- Subsequent phase launch dates for MY 2012-2018 have not yet been finalized.

Y26 Safety Recall Affected Trucks
