Safety Advisory: 21-413

**SAFETY ADVISORY 21-413**

Dear [Redacted]

Keystone RV Company has decided that a defect which relates to motor vehicle safety exists in certain model 2019-2020 Bullet, Hideout, Passport, and Sprinter Fifth Wheels and Travel Trailers. As a result, Keystone RV is conducting a safety recall.

***Reason for this recall***

It has been decided that the Winn-Tec Model 6020 dual stage propane regulator may supply elevated, intermittent, or low propane pressure to the appliances. An increase in propane pressure, could cause the flame of the appliance to become larger, and under certain rare circumstances, may ignite adjacent materials resulting in a fire. Appliances that can be affected by an excessive flame are the stovetop, oven, water heater, furnace and refrigerator. The vehicles included in the recall are:

Year	Model	Serial Number Ranges
2019 - 2020	Bullet – All West Coast Models	KX433341 - KX435913 LX430091 - LX434656
2019 - 2020	Hideout – All West Coast Models	KN244976 - KN249277 LN240026 - LN246715

2019 - 2020	Sprinter – All Models	K1530649 - K1532516 L1530000 - L1532758

Our records indicate unit(s) sold or in your present lot inventory fall within this range, which will require immediate preventative action. **Important:** If some of the units are still in your inventory, Federal Law requires you to complete the recall service on those units before retail delivery. The unit VIN(s) our records indicate are presently in your inventory or have been sold are as follows:

-- Serial numbers with '\*' have been retail sold --

Claims for the units which have been serviced must be submitted. Claims submitted will be used by Keystone to record recall service completions and provide dealer payments. Enclosed is a copy of the Safety Advisory #21-413, which details how to remedy the situation and the proper reimbursement procedures.

We apologize for any inconvenience this situation may cause and greatly appreciate your cooperation. Should you have any questions or concerns regarding this correspondence or the enclosed Safety Advisory, please feel free to contact us.
