Dear «OWNER»:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Heartland RV (Heartland) has decided that that certain Travel Trailers do not conform to 49 CFR Part 567 – Certification. And Federal Motor Vehicle Safety Standard. On the vehicles subject to this recall, the Federal Certification Label and Tire Placard may contain incorrect or missing information. We apologize for any inconvenience this action may cause you, however your safety and continued satisfaction are of the utmost importance to us.

***Reason for this recall***

It has been decided that certain 2021 Pioneer SS171 travel trailers subject to this recall campaign may have a Federal Certification label on these vehicles that does not have the correct Gross Vehicle Weight Rating (GVWR) and axle rating listed on the label. If the GVWR is not listed, the operator would not know the trailer's weight limit and may overload the vehicle, increasing the risk of a crash.

***What we will do***

Heartland will have an authorized dealer or repair center replace the Federal Certification Label. This will be corrected at no expense to you, the owner. This recall should take 10-12 minutes to complete. We have enclosed the replacement label so that it can be replaced quickly.
