Mr. Michael Arnett
Engineer
Summit Bodyworks
13525 CR 8
Ft. Lupton, CO 80621

NEF-107MR
21V-528

Subject: Rear LED Lights Too Bright/FMVSS 108

Dear Mr. Arnett:

This letter serves to acknowledge Summit Bodyworks's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

FREIGHTLINER/M2/2017

Mfr's Report Date: July 13, 2021

NHTSA Campaign Number: 21V-528

Components:

EXTERIOR LIGHTING

Potential Number of Units Affected: 1

Problem Description:

Summit Bodyworks is recalling one 2017 Freightliner M2-106 vehicle. The all-in-one rear LED lights may be too bright, exceeding the maximum light output allowed which may adversely affect the vision of drivers. As such, this vehicle fails to comply with the requirements of the Federal Motor Vehicle Safety Standard (FMVSS) number 108, "Lamps, Reflective Devices, and Associated Equipment."

Consequence:

The excessive brightness may affect the vision of other drivers, increasing the risk of a crash.

Remedy:

Summit Bodyworks will notify the owner, and provide instructions on how to obtain a filter kit from the light manufacturer, free of charge. The owner notification letter is expected to be mailed in July 2021. Owners may contact Summit Bodyworks' customer service at 1-303-348-2681.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.nhtsa.gov.

We have received Summit Bodyworks' proposed owner notification letter and have approved it for distribution.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Summit Bodyworks's contact for this recall will be Michelle Rice who may be reached by email at michelle.rice@dot.gov. We look forward to working with you.

Sincerely,

Alex Ansley
Chief, Recall Management Division
