IMPORTANT SAFETY RECALL

This Notice Applies to Your Suzuki Vehicle Identification Number (VIN)

August 20, 2021

MLCCH41A0KXXXXXXXX

Dear Suzuki Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Suzuki Motor Corporation has decided that a defect which relates to motor vehicle safety exists in certain model year Burgman 200 scooters. According to our records, you own one of the scooters affected by this recall campaign.

What is the defect and what will your dealership do to correct it?

Suzuki Motor Corporation is initiating a safety recall campaign of 2019 & 2020 Burgman 200 scooters to address potential fuel leakage.

Due to an error in manufacturing the fuel supply line, the inner diameter of the fuel line may be larger than the design specification. Fuel hoses with this condition may have a loose connection with the metal fuel hose attachment pipe. Fuel may leak at the connection point with the metal attachment pipe.

Your Suzuki dealer will verify if your scooter requires the recall service and install an updated Fuel Hose Set. This recall service will take approximately one hour to complete.

Parts are available now, and there will be no charge to you for any recall service-related parts or labor.

⚠ WARNING

Operating your scooter without having the recall service performed increases the risk of a fire.

To minimize the risk of a fire:

- Please do not ride nor allow anyone else to ride your scooter until this recall service has been completed.
- If you must ride your scooter before this safety recall service has been completed, check for fuel leakage and other items for proper operation as outlined in the "INSPECTION BEFORE RIDING" checklist in section 4 of your owner's manual before each ride.

- Contact your dealer as soon as possible to make an appointment for the recall service. Be prepared to provide them with the VIN of your scooter (provided at the top of this notice).
