SAFETY RECALL 21TA04 (Interim Notice 21TB04)

Certain 2020 – 2021 Model Year Supra Vehicles Potential Increased Braking Distance

Model / Years	Production Period	Approximate Total Vehicles	Approximate Stop Sale Dealer Inventory
2020 – 2021 Supra	Early March 2019 – Mid-June 2021	13,000	260

STOP! DO NOT SELL NEW VEHICLES IN DEALER INVENTORY.

Refer to Dealer Inventory Procedures section for more details.

On August 2, 2021 BMW filed a Defect Information Report (DIR) with the National Highway Traffic Safety Administration (NHTSA) informing the agency of their intent to conduct a Safety Recall on certain 2020 – 2021 model year Supra vehicles.

Condition

The subject vehicles are manufactured by BMW. According to BMW, the subject vehicles have been equipped with an engine management software that, under certain specific engine start conditions, could damage a component that provides braking power assistance. In this condition, there could be a loss in the brake assist and an increase in stopping distance. This can lead to an increased risk of a crash.

Remedy

Toyota is currently preparing the remedy for this issue. When the remedy is available, any authorized Toyota dealer will update the engine control unit (ECU) **FREE OF CHARGE**. At this time, Toyota estimates the remedy will be available by late August 2021.

Covered Vehicles

There are approximately 13,000 vehicles covered by this Safety Recall. Approximately 80 vehicles involved in this Safety Recall were distributed to Puerto Rico.

Owner Letter Mailing Date

Toyota will notify owners by early October 2021.

Toyota makes significant effort to obtain current customer name and address information from each state through industry resources when mailing owner letters. In the event your dealership receives a notice for a vehicle that was sold prior to the Safety Recall announcement, it is the dealership's responsibility to forward the owner letter to the customer who purchased the vehicle.

Please note that only owners of the covered vehicles will be notified. If you are contacted by an owner who has not yet received a notification, please **verify eligibility by confirming through TIS prior to performing repairs**.

Dealer Inventory Procedures

New Vehicles in Dealership Inventory

There are approximately 260 vehicles in new dealer inventory as of August 3, 2021.

Under Title 49, Section 30112 of the United States Code, a dealer cannot sell, offer for sale, or introduce or deliver for introduction in interstate commerce a new motor vehicle when it is aware that the vehicle does not comply with an applicable Federal Motor Vehicle Safety Standard or contains a defect related to motor vehicle safety. Further, 49 Code of Federal Regulations §577.13 requires us to provide the following advisory: It is a violation of Federal law for a dealer to deliver a new motor vehicle or any new or used item of motor vehicle equipment (including a tire) covered by this notification under a sale or lease until the defect or noncompliance is remedied.

Toyota reimburses dealers for flooring costs associated with new vehicles held in dealership inventory until the recall remedy becomes available. Toyota provides these flooring reimbursements at 60-day intervals. Toyota reserves the right to withhold or charge-back any flooring reimbursement funds that may have been paid to the dealer if it determines that a new vehicle subject to a safety recall was sold without first being remedied.

Vehicle Safety Recall completion should always be verified through TIS. We request your assistance to ensure involved vehicles are identified and not delivered prior to performing the remedy.

NOTE:

- ***New vehicles in dealer inventory subject to a Safety Recall must be remedied before delivery into commerce under a sale or lease. Dealer-to-dealer trades as well as vehicle sales between dealers should not be made until a vehicle is remedied.***
- Dealers can identify if any of their new and used inventory has any open campaigns in the Vehicle Inventory Summary available in Dealer Daily (**Non SET and GST dealers:** <https://dealerdaily.toyota.com/>). The Vehicle Inventory Summary may take up to 4 hours to populate information for newly launched campaigns.

Inspection Reminder Mirror Hang Tags for Covered Vehicles in New Dealer Stock

To easily recognize vehicles involved in this Safety Recall, each dealership should utilize Inspection Reminder Hang Tags. Inside the vehicle's glove box are stickers containing the VIN. Apply one of these stickers to the hang tag and install the hang tag in the vehicle. A sample copy of the Inspection Reminder Hang Tag has been included for your reference.

NOTE: Dealerships can order hang tags from the Material Distribution Center (MDC).

Part Number	Description	Quantity
00411-140003	Inspection Mirror Hang Tag	25 Per Pack

Pre-Owned Vehicles in Dealer Inventory

Toyota typically requests that dealers **NOT** deliver any pre-owned vehicles in dealer inventory that are covered by a Safety Recall unless the defect has been remedied. In this case, until remedy parts are available, delivery of a pre-owned vehicle is acceptable if disclosed to the customer that the vehicle is involved in this Safety Recall and that the remedy is currently being prepared by Toyota.

Toyota expects dealers to use the attached Customer Contact and Vehicle Disclosure Form to obtain vehicle buyer information. Dealers are expected to provide a copy of the completed form, along with the most current FAQ, to the vehicle buyer. Toyota and the dealer may use this information to contact the customer when the remedy becomes available.

Keep the completed form on file at the dealership and send a copy to quality_compliance@toyota.com. In the subject line of the email, state "Disclosure Form 20TA04/20TB04" and include the VIN.

NOTE: Dealers can identify if any of their new and used inventory has any open campaigns in the Vehicle Inventory Summary available in Dealer Daily (**Non SET and GST dealers:** <https://dealerdaily.toyota.com/>). The Vehicle Inventory Summary may take up to 4 hours to populate information for newly launched campaigns.

Toyota Certified Used Vehicle (TCUV)

The TCUV policy prohibits the certification of any vehicle with an outstanding Safety Recall, Special Service Campaign, or Limited Service Campaign. Thus, no affected units are to be designated, sold, or delivered as a TCUV until all applicable Safety Recalls, Special Service Campaigns, and Limited Service Campaigns have been completed on that vehicle.

Toyota Rent-A-Car (TRAC) & Service Loaners

Toyota requests that dealers remove all TRAC and Service Loaner vehicles from service that are covered by a Safety Recall unless the defect has been remedied.

Customer Handling, Parts Ordering, and Remedy Procedures

Customer Contacts

Customers who receive the owner letter may contact your dealership with questions regarding the letter and/or the Safety Recall. Please welcome them to your dealership and answer any questions that they may have. A Q&A is provided to assure a consistent message is communicated.

Customers with additional questions or concerns are asked to please contact the Toyota Brand Engagement Center (1-888-270-9371) - Monday through Friday, 8:00 am to 8:00 pm, Saturday 9:00 am to 7:00 pm Eastern Time.

Salvage Title Vehicles

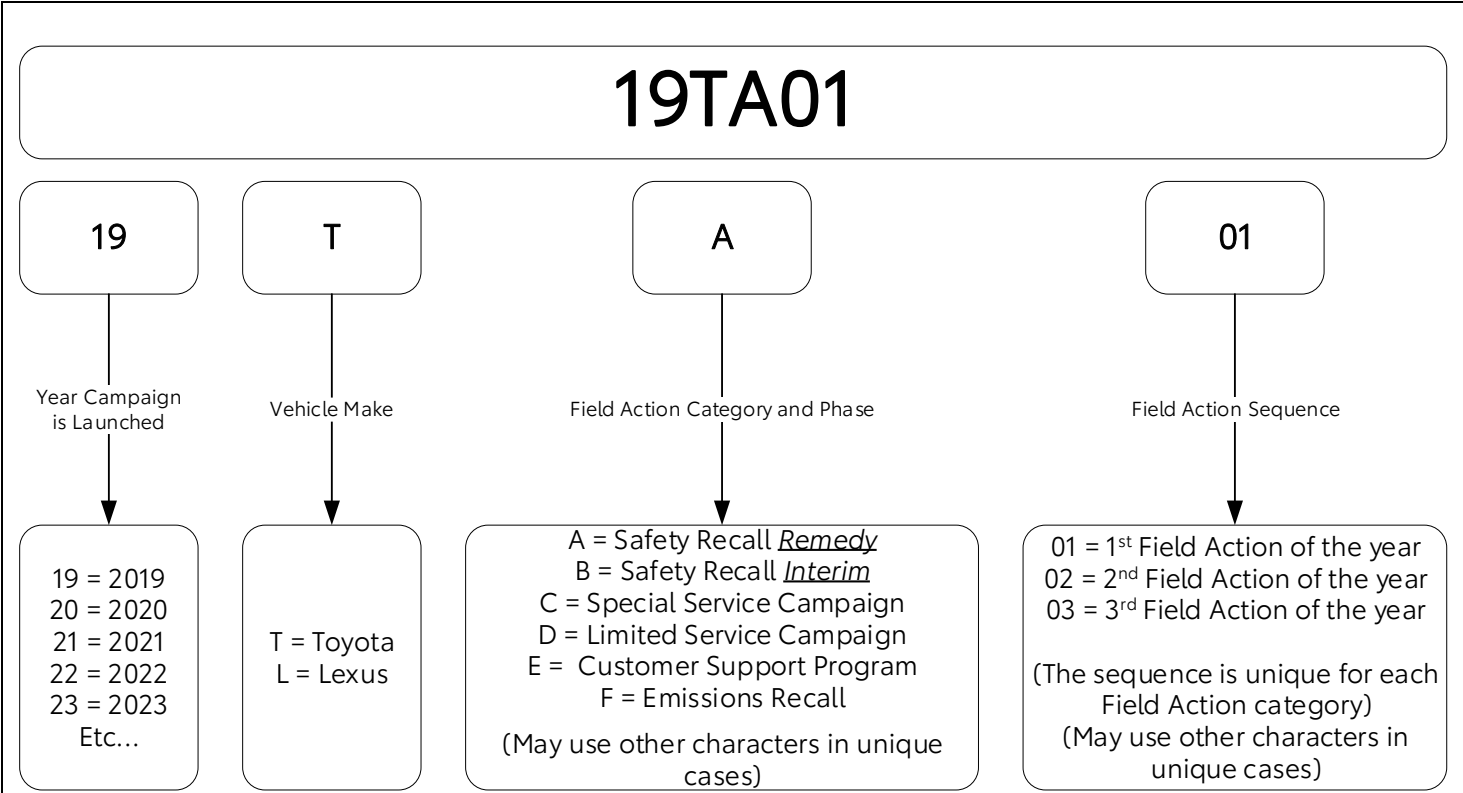

Every attempt should be made to complete an open Safety Recall when circumstances permit, unless noted otherwise in the Safety Recall dealer letter.

For complete details on this policy, refer to Toyota Warranty Policy [4.17](#), "What Is Not Covered by The Toyota New Vehicle Limited Warranty".

Media Contacts

It is imperative that all media contacts (local and national) receive a consistent message. In this regard, all media contacts must be directed to Ed Hellwig (469) 292-1165 in Toyota Corporate Communications. Please do not provide this number to customers. Please provide this contact only to media.

Campaign Designation / Phase Decoder

Examples:

19TA01 = Launched in 2019, Toyota, Safety Recall Remedy Phase, 1st Safety Recall Launched in 2019
 20TC02 = Launched in 2020, Special Service Campaign, 2nd Special Service Campaign Launched in 2020
 21TE05 = Launched in 2021, Customer Support Program, 5th Customer Support Program Launched in 2021

Please review this entire package with your Service and Parts staff to familiarize them with the proper step-by-step procedures required to implement this Safety Recall.

Thank you for your cooperation.

Potential Increased Braking Distance

Frequently Asked Questions

Original Publication Date: August 3, 2021

Q1: *What is the condition?*

A1: The subject vehicles are manufactured by BMW. According to BMW, the subject vehicles have been equipped with an engine management software that, under certain specific engine start conditions, could damage a component that provides braking power assistance. In this condition, there could be a loss in the brake assist and an increase in stopping distance. This can lead to an increased risk of a crash.

Q1a: *What are the specific engine start conditions where this condition could occur?*

A1a: Rapidly pressing the engine start button twice or brief application of the brake pedal when pressing the engine start button can cause this condition to occur.

Q1b: *What can I do to prevent the condition from occurring?*

A1b: When starting the engine, firmly press the brake pedal until the engine has started and press the start button only once. Refer to the owner's manual for further details regarding vehicle starting procedure instructions.

Q2: *What is Toyota going to do?*

A2: Toyota is currently preparing the remedy for this issue. When the remedy is available, any authorized Toyota dealer will update the engine control unit (ECU) **FREE OF CHARGE**.

Q3: *When will the remedy become available?*

A3: Toyota is currently preparing the remedy for this issue. At this time, Toyota estimates that the remedy will be available by late August 2021.

Q4: Which and how many vehicles are covered by this Safety Recall?

A4: There are approximately 13,000 vehicles covered by this Safety Recall.

Model Name	Model Year	Production Period
Supra	2020 – 2021	Early March 2019 – Mid-June 2021

Q4a: Are there any other Lexus/Toyota/Scion vehicles covered by this Safety Recall in the U.S.?

A4a: No, there are no other Lexus/Toyota/Scion vehicles covered by this Safety Recall.

Q5: How does Toyota obtain my mailing information?

A5: Toyota uses an industry provider who works with each state's Department of Motor Vehicles (DMV) to receive registration or title information, based upon the DMV records. Please make sure your registration or title information is correct.

Q6: What if I have additional questions or concerns?

A6: If you have additional questions or concerns, please contact the Toyota Brand Engagement Center at 1-888-270-9371 Monday through Friday, 8:00 am to 8:00 pm, Saturday 9:00 am to 7:00 pm Eastern Time.
