Problem Description:

Jaguar Land Rover North America, LLC (Jaguar) is recalling certain 2021-2022 F-Type, 2020-2021 F-Pace, and 2021 XF vehicles. The seat belt automatic locking retractors may deactivate early, which can prevent the child restraint system from securing properly.

Dealers will inspect and replace the seat belt assemblies as necessary, free of charge. Owner notification letters are expected to be mailed October 22, 2021. Owners may contact Jaguar customer service at 1-800-452-4827. Jaguar's number for this recall is H378.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.nhtsa.gov.

Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
