Subject: Propane Regulator May Fail and Cause Fire

Dear Troy Niswonger:

This letter serves to acknowledge Starcraft RV's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

STARCRAFT/AUTUMN RIDGE OUTFITTER/2021-2022
STARCRAFT/SUPER LITE/2021
STARCRAFT/TELLURIDE/2021

Mfr's Report Date: September 2, 2021

NHTSA Campaign Number: 21V-687

Components:

EQUIPMENT:RECREATIONAL VEHICLE/TRAILER:LPG SYSTEMS

Potential Number of Units Affected: 1,512

Problem Description:

Starcraft RV (Starcraft) is recalling certain 2021-2022 Starcraft Autumn Ridge Outfitter, 2021 Super Lite, and Telluride recreational vehicles, equipped with Winntec model 6020 two-stage propane regulators. The regulator may fail, causing an increase in propane pressure.

Consequence:

Increased propane pressure can enlarge the flames in gas appliances, increasing the risk of a fire.

Remedy:

Dealers will replace the regulator and test the propane system for leaks, free of charge. Owner notification letters are expected to be mailed November 1, 2021. Owners may contact Starcraft customer service at 1-905-636-6888.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.nhtsa.gov.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Starcraft RV's contact for this recall will be Kristin Lepper who may be reached by email at kristin.lepper@dot.gov. We look forward to working with you.

Sincerely,

Alex Ansley
Chief, Recall Management Division
