Dear Mercedes-Benz Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Mercedes-Benz AG ("MBAG"), the manufacturer of Mercedes-Benz vehicles, has decided that a defect which relates to motor vehicle safety exists in certain Model Year 2021 S-Class vehicles. Our records indicate that your vehicle is included in the affected population of vehicles.

What is the CONCERN?

On certain Model Year ("MY") 2021 S-Class vehicles, a nozzle in the suction jet pump in the fuel tank might not have been installed, or properly secured, within the pump according to current production specifications. If the nozzle was not properly secured, it could detach within the suction jet pump. If the nozzle detaches, the pump might not be able to supply the fuel pressure necessary for certain driving scenarios (e.g. reduced fuel level, full throttle operation), which could lead to a sudden engine stall without warning, which could increase the risk of a crash.

What will your DEALER DO?

An authorized Mercedes-Benz dealer will check the fuel system on the affected vehicles and replace the fuel tank, including the suction jet pump, if necessary. **This service will be provided free of charge.** We are dedicated to always delivering the best customer experience, and respect for your time is a top priority. While the minimum repair time can be less than **12 hours**, your dealer can provide you with a better estimate of the overall time for this service visit. As a matter of normal service process, an authorized Mercedes-Benz dealer will also check for other repair measures which might be applicable to your vehicle and this may increase the required working time.

What should YOU DO?

To find the most convenient authorized Mercedes-Benz dealer from your smartphone, scan the QR code to the left.

To locate authorized dealers see www.MBUSA.com/recall. **Please mention you are scheduling an appointment to check the fuel system on the affected vehicles under Recall Campaign # 2021090012.** You may be asked for your 17-digit Vehicle Identification Number (VIN) which for your convenience is located above your name at the top of this letter.

Impacts from COVID-19: Your health and safety remain our top priority. The Mercedes-Benz dealerships remaining open for recall repairs and service are closely following the guidelines set forth by the CDC. Free vehicle pick-up and delivery may be available. Your preferred authorized Mercedes-Benz dealer can confirm availability.
