Fuel May Leak from Fuel Pump Mounting Rings - Safety and Emission Recall 51211

NHTSA Campaign Number 21V-744

November 2021

This notice applies to your vehicle: VIN _____

Dear Mazda Owner:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Mazda Motor Corporation has decided that a defect which relates to motor vehicle safety exists in certain 2006-2007MY Mazdaspeed6 vehicles produced from August 4, 2005 through June 30, 2007 and 2009-2011MY RX-8 vehicles produced from March 11, 2008 through May 16, 2011.

If you received this notice, your vehicle is included in this Safety Recall.

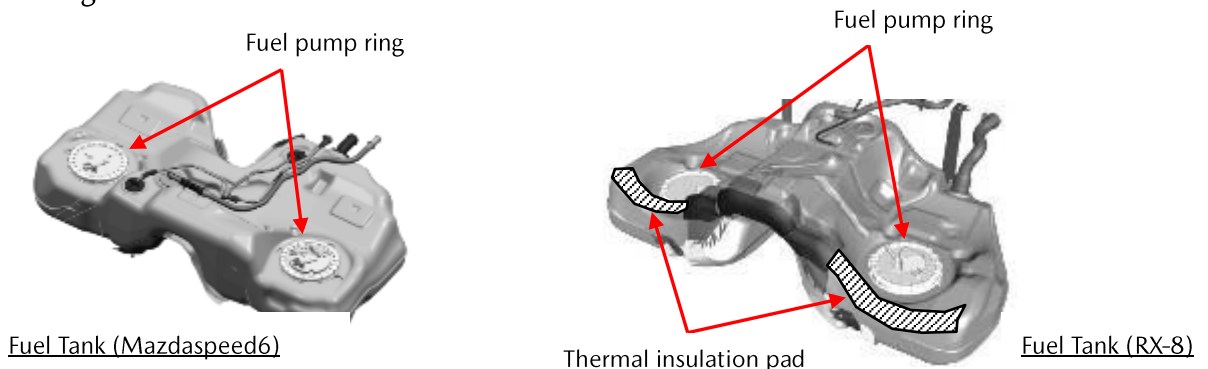

What is the problem?

On Mazdaspeed6 and RX-8 vehicles, improper installation of the fuel pump mounting rings may lead to cracking of the rings, causing fuel leakage. In addition, on RX-8 vehicles, due to insufficient heat resistance at the top side of the fuel tank, the fuel pump mounting rings may deteriorate due to heat exposure from the engine and exhaust pipe which may also lead to cracking of the rings, causing fuel leakage. Fuel leakage may result in increased risk of fire in the presence of an ignition source near the vehicle.

What will Mazda do?

Protect What Is Important To You

Your Mazda dealer will install new fuel pump mounting rings on Mazdaspeed6 and RX-8 vehicles. In addition, dealers will add a thermal insulation pad to the fuel tank on RX-8 vehicles. There will be no charge for this service to vehicle owners.

How long will it take?

It will take approximately 3 hours to complete the repair; however, your Mazda dealer may need your vehicle for a longer period of time. Mazda will provide alternate transportation, if needed, when your vehicle is at an authorized Mazda dealership for a recall repair. Please schedule an appointment with an authorized Mazda dealer so they can discuss and accommodate your needs.

What should you do?

Mazda is concerned about your safety, and we encourage you to contact any authorized Mazda dealer to schedule an appointment to have your Mazda vehicle repaired as soon as possible. You do not need to bring this notice to the dealer, but it may assist in the check-in process.

Emission Law Information: To ensure your full protection under the emission warranty made applicable to your vehicle by State or Federal Law, it is recommended you have your vehicle or engine serviced as soon as possible. Failure to do so could be determined as lack of proper maintenance of your vehicle. Also, your vehicle may fail a state or local emission inspection if this recall is not completed.

Important notice to owners registering vehicles in California and Massachusetts: California Department of Motor Vehicles and the Commonwealth of Massachusetts, in conjunction with the California Air Resources Board and the Environmental Protection Agency for the State of Massachusetts, have implemented the Registration Renewal/Recall Tie-In Program, which requires the completion of Emission Recalls prior to registration renewal. Mazda dealers will provide a Vehicle Emission Recall - Proof of Correction Certificate upon completion of the recall. Be sure to keep the proof of correction certificate provided by the Mazda Dealer until needed for the registration renewal process.

What if you already paid for repair related to this concern?
