IMPORTANT SAFETY RECALL

Tire Load Index

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA has decided that certain [2020 Alfa Romeo Giulia] vehicles fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 110 – TIRE SELECTION AND RIMS.

It is extremely important to take steps now to repair your vehicle to ensure the safety of you and your passengers.

WHY DOES MY VEHICLE NEED REPAIRS?

The tires on your vehicle ^[1] do not meet the required load rating. **A driver may rely on the incorrect load index and may overload the tire, increasing the risk of a vehicle crash without prior warning.**

HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

FCA will repair your vehicle ^[2] free of charge (parts and labor). To do this, your dealer will replace the incorrect tires with tires that meet the required load index and update the Owner's Manual with the correct load index values. The estimated repair time is 1.5 hours. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit, which require more time. Your time is important to us, so we recommend that you schedule a service appointment to minimize your inconvenience. Please bring this letter with you to your dealership.
