IMPORTANT SAFETY RECALL

This notice applies to your motorcycle, VIN xxxxxxxxxxxxxxxxx **Model:**

November 30, 2021

Dear Yamaha Owner:

Yamaha Motor Corporation, U.S.A. has decided that a defect that relates to motor vehicle safety exists in 2016~2021 model FJR1300A, FJR1300AE, and FJR1300PA motorcycles. Our records indicate that you own the affected vehicle shown above.

The reason for this recall: In affected motorcycles, when the rider is shifting into second gear under certain conditions, such as if the throttle is applied before the clutch is fully engaged, causing unusually high rpm, the Engine Control Unit (ECU) will react by limiting the maximum engine speed available. This is due to rev-limiter programming intended to protect second gear components from abnormal stress. However, this rev-limiter programming may be overly restrictive, possibly preventing the acceleration performance the rider anticipates, increasing the risk of a crash.

What Yamaha and your dealer will do: Your authorized Yamaha dealer will have the ECU reflashed with updated programming Yamaha has tested to provide a slightly improved calibration while still providing second gear protection. **There will be no charge to you for this procedure.**

What you should do now: Please call your Yamaha dealer to make a service appointment to have this procedure performed. At that same time, you can find out how long they expect to keep your vehicle for this service. Remember to take this letter with you when you take in your vehicle.

You should not operate your affected motorcycle, shown above, other than to take it to a dealer, until this inspection and, if necessary, modification is performed.

If you are unable to return to the Yamaha dealer who sold you the vehicle, this service will be performed by any authorized Yamaha Motorcycle dealer. For the name of a dealer near you, call 1-800-88-YAMAHA or visit the Yamaha web site at www.yamaha-motor.com.

If you have had this repair performed before you received this letter, you may be entitled to receive reimbursement for the cost of obtaining a pre-notification remedy of the problem associated with this repair. For more information, contact Yamaha Customer Relations at 1-800-962-7926.

Federal regulations require that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within 10 days.
