				Country	Beginning Model Year	Ending Model Year	Vehicle									
				USA	2021	2021	ATLAS									
				USA	2020	2021	ATLAS CROSS SPORT									
What is the safety concern for Safety Recall 87H4?	The air conditioning system water drain tube could become blocked. If this happens, water can accumulate and leak inside the vehicle, and may contact the airbag control module. This can cause airbag system malfunctions, including unwarranted airbag deployment and may increase the risk for an injury or may lead to a crash without warning.															
Are there any precautions I should take because my vehicle is part of Safety Recall 87H4?	If this condition is present in the vehicle, the airbag warning light may illuminate if a malfunction is detected. Customers are advised to contact an authorized Volkswagen dealer if the light comes on and make arrangements to have the vehicle inspected/repaired.															
What is the repair for Safety Recall 87H4?	Affected vehicles will be inspected and, if a blocked drain tube is found, repaired. The airbag control unit will be replaced for those vehicles where a blocked drain tube was found.															
When will the repair for Safety Recall 87H4 be available?	This recall repair is not yet available. Volkswagen will send you a letter via first-class mail to let you know when you can schedule the recall repair with your dealer.
