YOUR SCHEDULING OPTIONS

1. Visit recalls.mopar.com to sign up for email or SMS notifications for when remedy parts become available. You will be asked to provide your Vehicle Identification Number (VIN), provided above
 2. Scan below using your smartphone or tablet to sign up to be notified when remedy parts become available
- QR Code
3. Wait for FCA US to contact you again, by mail, with a follow-up recall notice when remedy parts are available
 4. Call the FCA Recall Assistance Center at 1-800-853-1403. An agent can sign you up to be notified when remedy parts become available, or answer any other questions you may have

DEALERSHIP INSTRUCTIONS

Please reference Safety Recall Y80.

IMPORTANT SAFETY RECALL

Trailer Reverse Steering Control Module

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA US has decided that certain [2021 Model Year (DT) Ram 1500 Pickup] vehicles equipped with trailer reverse steering control fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 111 - Rearview mirrors.

WHY DOES MY VEHICLE NEED REPAIRS?

Your vehicle ^[1] may be equipped with a Trailer Reverse Steering Control Module (TRSCM) that prevents the rearview image from displaying under certain conditions. An Electronic Throttle Control warning indicator may also be illuminated in the instrument panel cluster. The vehicle operator will notice that the rearview image is not displayed if attempting to reference the image while backing. **If this warning is not heeded, backing without verifying it is safe to do so could lead to an increased risk of a crash or injury to people outside the vehicle.**

The condition described above does not comply with Federal Motor Vehicle Safety Standard (FMVSS) No. 571.111 S6.2.6 which requires that "The rear visibility system default to the rearview image being visible, and meet the requirements of FMVSS 571.111 S6.2.1 (field of view) and S6.2.2 (image size) at the beginning of each backing event, regardless of any modifications to the field of view that the driver had previously selected."

HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

The remedy for this condition is under development and is not currently available. We are making every effort to finalize the remedy as quickly as possible, and will service your vehicle free of charge (parts and labor).

FCA US will contact you again, by mail, with a follow-up recall notice when the remedy is available. Once you receive your follow-up notice, simply contact your Chrysler, Jeep®, Dodge or RAM dealer right away to schedule a service appointment ^[2]. Additional options for your next steps are included on the left side of this notification. We appreciate your patience.

WHAT IF I ALREADY PAID TO HAVE THIS REPAIR COMPLETED?

If you have already experienced this specific condition and have paid to have it repaired, you may visit www.fcarecallreimbursement.com to submit your reimbursement request online ^[3]. Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you have had previous repairs performed and/or already received reimbursement, you may still need to have the recall repair performed.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.
