December 15, 2021

Mr. Barry Mitchell  
Director, Customer Service/Warranty  
Great Dane Trailers  
602 E. Lathrop Avenue  
Savannah, GA 31402

NEF-107MR  
21V-943

**Subject:** Insufficient Lubricant in Wheel Hub

Dear Mr. Mitchell:

This letter serves to acknowledge Great Dane Trailers's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**

GREAT DANE/CHAMPION/2022  
GREAT DANE/EVEREST/2022

**Mfr's Report Date:** December 7, 2021

**NHTSA Campaign Number:** 21V-943

**Components:**

WHEELS:HUB

**Potential Number of Units Affected:** 3,288

**Problem Description:**

Great Dane Trailers (Great Dane) is recalling certain 2022 Champion dry van and Everest refrigerated trailers. The wheel hubs may have an insufficient amount of lubrication, which could cause the hub bearings to fail.

**Consequence:**

Hub bearing failure could cause the wheel hub assembly to detach, causing a loss of stability and control, creating a road hazard, and increasing the risk of a crash.

**Remedy:**

Great Dane will work with SAF Holland, the wheel hub supplier, to inspect the wheel hubs and add the proper amount of lubricant as necessary, free of charge. Owner notification letters are expected to be mailed February 1, 2022. Owners may contact Great Dane customer service at 1-877-369-3493.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.nhtsa.gov](http://www.nhtsa.gov).

**Please ensure the following requirements are met:**

An identification and description of the risk to motor vehicle safety reasonably related to the defect or noncompliance (49 CFR 573.6 (c)(5)). All filings should state an increased risk of either a crash, injury or fire.

**AMENDED 573 REQUIRED.**

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Great Dane Trailers's contact for this recall will be Michelle Rice who may be reached by email at michelle.rice@dot.gov. We look forward to working with you.

Sincerely,

Alex Ansley  
Chief, Recall Management Division  
Office of Defects Investigation  
Enforcement
