Vehicle information:

VIN [REDACTED]

2021 JEEP WRANGLER UNLIMITED SAHARA 4XE SPORT UTILITY 4-DOOR

Recall information: Y94/NHTSA 21V-949

Visit recalls.mopar.com for more information or call the FCA US Recall Team at
1-800-853-1403.

Details of the Recall

The odometer on your vehicle, after reaching 13,342 miles, will no longer display the magnitude of its sensed characteristic (mileage). The vehicle operator will notice that the odometer value is not displayed. If this warning is not heeded, a missing odometer reading may lead to missed or delayed critical vehicle maintenance. Potential failed components, due to a lack of maintenance, may lead to a vehicle crash without prior warning.

FCA US will repair your vehicle free of charge (parts and labor). To do this, your dealer will update the Instrument Panel Cluster (IPC) software if the vehicle has less than 13,342 miles, or replace the IPC on vehicles with more than 13,342 miles. The estimated repair time is 40 minutes. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit, which may require more time. Your time is important to us, so we recommend that you schedule a service appointment to minimize your inconvenience.

How do I schedule my **FREE** repair?

◆ Simply contact your Chrysler, Jeep®, Dodge or RAM dealer right away to schedule a service appointment.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.
