Subject: RECALL CAMPAIGN – Bentley 21-22MY Continental GT & GTC, Bentayga and Flying Spur Owners Handbook Wording (RE21/43)

RECALL CAMPAIGN – Bentley 21-22MY Continental GT & Continental GT Convertible, Bentayga and Flying Spur Owners Handbook Wording (RE21/43)

I am writing to advise you that Bentley Motors has determined a non-conformance exist in the owner's handbook for Bentley 21-22MY Continental GT & Continental GT Convertible, Bentayga and Flying Spur manufactured between October 13th 2020 and November 11th 2021.

This letter will provide you with all of the information to explain why this recall is being initiated, the actions you are required to take and provide you with the appropriate administrative details.

Bentley has identified that a translation error has resulted in an inaccurate description of the "Passenger Airbag On" illumination status symbol in the Owners handbook. The description in the owners handbook, incorrectly stating the airbag "will not fire in the event of an impact", a vehicle occupant reviewing the owner's handbook may misunderstand the "Passenger Airbag On" illumination and may become confused about the operation of the passenger airbag.

Activation and Deactivation of the passenger airbag itself is unaffected and operates as designed.

Attached is a Bentley Technical Product Information (TPI) document with the affected VIN's, and details the procedure which must be followed exactly.

Note: The labels to complete this work have been sent to you.

Every affected inventory vehicle must be REMEDIED BEFORE DELIVERY TO CONSUMERS. Therefore, please carry out the following Stop Sale/Stop Delivery immediately.

**IMPORTANT REMINDER: VEHICLES AFFECTED BY SAFETY & COMPLIANCE
RECALLS**

IT IS A VIOLATION OF FEDERAL LAW FOR DEALERS TO DELIVER TO CUSTOMERS NEW VEHICLES IN THEIR INVENTORY AFFECTED BY THIS NOTIFICATION UNTIL THESE VEHICLES ARE REMEDIED.

DEALERS SHOULD NOT SELL, LEASE, RENT, OR LOAN ANY NEW OR USED VEHICLES IN DEALER INVENTORY AFFECTED BY THIS NOTIFICATION PRIOR TO REMEDY. DEALERS GROUNDING LEASE RETURNS SHOULD REMEDY ALL AFFECTED GROUNDED VEHICLES.

Subject: RECALL CAMPAIGN – Bentley 21-22MY Continental GT & GTC, Bentayga and Flying Spur Owners Handbook Wording (RE21/43)

Ensure all relevant dealership personnel are aware of this notice so they are able to address customer questions. Contact your Area Aftersales Manager if you require additional assistance. Please direct press inquiries to Erin Bronner at erin.bronner@bentley-usa.com.

Owners of affected vehicles will be notified in writing week beginning Jan 31st 2022

It is not necessary to contact us for authorisation. We will take our records from your warranty claim which must be generated and submitted immediately upon completion of the work. You are reminded that claims for recalls cannot contain any other warranty repairs. The warranty code and repair time are quoted within the TPI.

It is to our mutual advantage that this recall campaign goes as smoothly as possible. Should you have any questions concerning this recall, please contact your Area Aftersales Manager or myself.

Sincerely,

Stephen Worrall
Director, Aftersales
Bentley Motors, Inc.

Notes

■ Repair instructions

Technical background

- Referring to Figure 1 - The text shown underneath the heading Passenger air bag: on is incorrect

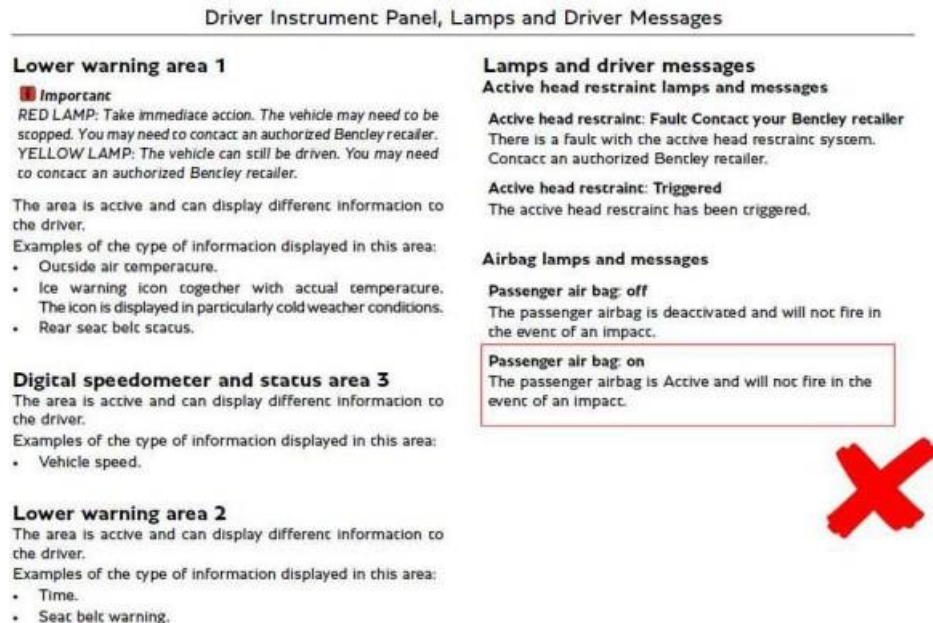

Figure 1

Remedy

An adhesive label has been developed to be applied directly over the top of the incorrect text within the Owner's handbook

NOTE: Only the hard copy of the Owner's handbook requires updating, the MMI Onboard version (where applicable) does not require updating
The Owner's handbook must always be referred to as the Master version

Customer notification

Customers of affected vehicles will be notified in writing regarding the application of the adhesive label

The customer should ensure the Owner's handbook is present within the vehicle regardless if the adhesive label has been applied by themselves or if the adhesive label is to be applied by the retailer

The instructions within this document must also be passed to your new and used car sales departments so that affected vehicles are checked and repaired immediately

Warranty accounting instructions

Warranty type 710 or 790

Damage service number RC26

Damage code 00 99

Labour

Labour operation code 06 71 49 00

Time 10 TU

Criteria 01

Genuine parts

Depending on the vehicles location the adhesive label will be distributed to the applicable retailer

Or

To the customers home address

NOTE: In the event the adhesive label is delivered directly to the customers address for application, an option is available for customers to request the adhesive label is fitted by their local retailer

Parts supply

Part number	Description
TSD B15220	Addendum to the Owner's handbook (1 x A4 page of 36 adhesive labels)

- Please note that (x1) of TSD B15220 contains 36 adhesive labels, please do not order (x1) for each vehicle
NOTE: Customers will receive (x1) label, if sent directly to the customers home address

Parts despatch control

Not applicable

Questions and answers

What is the specific issue with the affected vehicles?

There is an incorrect description in the American English translated handbooks which states, when explaining the 'Passenger airbag on' symbol, that the airbag 'will not fire in the event of an impact.' It should read 'and may fire' in the event of an impact.' Therefore, the text needs updating. There is no impact on the performance of the car whatsoever.

Are any other Bentley models affected?

No, this affects a specific number of Bentayga, Continental and Flying Spur vehicles only. The affected vehicles have been identified using supplier and manufacturing records and simply cover 21 and 22 model year cars.

Is this connected to any other recall?

No, Bentley is not aware of the same concern affecting other vehicle manufacturers.

What is the fix?

Bentley Motors shall distribute corrective labels, for inclusion into the owners handbook, for customers to affix. Alternatively, if customers wish, Bentley authorised retailers will apply the label to the vehicle owners handbook, which correctly describes the system behaviour when the "Passenger airbag On" symbols is illuminated. This will take approximately half an hour and is free of charge.

Can customers continue to drive the cars?

Yes, there is no impact to the performance of the car at all. This is a clerical error which needs correcting.

Which vehicles and how many are affected?

Specific Bentayga, Continental and Flying Spur models built between 13th October 2020 and 11th November 2021.

What about cars built since that date?

Cars not included on the recall campaign have been built using owner handbooks printed with the correct description and are not affected.

Is this a global recall?

No, this affects markets where the American English handbook has been provided with the vehicle. All other language handbooks correctly describe the passenger airbag symbol functionality.

Why did you not take action sooner?

Once we were notified of the issue, we immediately investigated the impact on the Bentayga, Continental and Flying Spur products, identified a technical solution, prepared our own retailer network and then informed authorities as soon as possible.

Why did you continue to sell cars even after you were notified of the problem?

When Bentley was notified of the issue, it was quickly identified that only the description of the system behaviour in the owners handbook was affected and that no vehicle performance was affected.

How much will it cost to make the change?

There will be no charge to customers.

How much will it cost the business?

We would not disclose this type of information.

Repair instructions

▪ Notes

Technical background

- Referring to Figure 1 - The text shown underneath the heading Passenger air bag: on is incorrect

Lower warning area 1

Important

RED LAMP: Take immediate action. The vehicle may need to be stopped. You may need to contact an authorized Bentley retailer.
YELLOW LAMP: The vehicle can still be driven. You may need to contact an authorized Bentley retailer.

The area is active and can display different information to the driver.

Examples of the type of information displayed in this area:

- Outside air temperature.
- Ice warning icon together with actual temperature. The icon is displayed in particularly cold weather conditions.
- Rear seat belt status.

Digital speedometer and status area 3

The area is active and can display different information to the driver.

Examples of the type of information displayed in this area:

- Vehicle speed.

Lower warning area 2

The area is active and can display different information to the driver.

Examples of the type of information displayed in this area:

- Time.
- Seat belt warning.

Lamps and driver messages

Active head restraint lamps and messages

Active head restraint: Fault Contact your Bentley retailer
There is a fault with the active head restraint system. Contact an authorized Bentley retailer.

Active head restraint: Triggered

The active head restraint has been triggered.

Airbag lamps and messages

Passenger air bag: off

The passenger airbag is deactivated and will not fire in the event of an impact.

Passenger air bag: on

The passenger airbag is Active and will not fire in the event of an impact.

Figure 1

Check

If the vehicle is not already listed as repaired in "Repair history" (Elsa Pro) also refer to the Identification section

Genuine parts

Depending on the vehicles location the adhesive label will be distributed to the applicable retailer

Or

To the customers home address

NOTE: In the event the adhesive label is delivered directly to the customers address for application, an option is available for customers to request the adhesive label is fitted by their local retailer

Work

1) The operative should navigate to the following section within the Owner's handbook

- Driver Instrument Panel, Lamps and Driver Messages - Lamps and driver messages - under the heading "Airbag lamps and messages"

2) Referring back to Figure 1 - Check to confirm the incorrect text is visible (adhesive label not applied)

•

NOTE: In the event the adhesive label has already been applied no further action is required, the operative should process the Warranty claim to ensure the Service action is listed as 'Closed'

Or

In the event the adhesive label has not been applied the operative should carry out the remaining instructions from Step 3 to completion

3) Remove (x1) adhesive label from TSDB15220

4) With care, apply the adhesive label directly over the top of the incorrect text

5) On completion, the page should be as shown in Figure 2

Lower warning area 1

Important

RED LAMP: Take immediate action. The vehicle may need to be stopped. You may need to contact an authorized Bentley retailer.
YELLOW LAMP: The vehicle can still be driven. You may need to contact an authorized Bentley retailer.

The area is active and can display different information to the driver.

Examples of the type of information displayed in this area:

- Outside air temperature.
- Ice warning icon together with actual temperature. The icon is displayed in particularly cold weather conditions.
- Rear seat belt status.

Digital speedometer and status area 3

The area is active and can display different information to the driver.

Examples of the type of information displayed in this area:

- Vehicle speed.

Lower warning area 2

The area is active and can display different information to the driver.

Examples of the type of information displayed in this area:

- Time.
- Seat belt warning.

Lamps and driver messages

Active head restraint lamps and messages

Active head restraint: Fault Contact your Bentley retailer

There is a fault with the active head restraint system. Contact an authorized Bentley retailer.

Active head restraint: Triggered

The active head restraint has been triggered.

Airbag lamps and messages

Passenger air bag: off

The passenger airbag is deactivated and will not fire in the event of an impact.

Passenger air bag: on

The passenger airbag is active and may fire in the event of an impact.

Figure 2

Identification

The fitment of the adhesive label as instructed confirms the rework activity has been successfully completed
