

IMPORTANT SAFETY RECALL

Dear Valued CYBEX Consumer:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. CYBEX and Columbus Trading-Partners U.S., Inc, the U.S. distributor for CYBEX (collectively "CYBEX") have decided that a defect which relates to product safety exists in certain Sirona M car seats manufactured before September 1, 2018, and sold in the US market. CYBEX is initiating a voluntary recall of these seats to inform you of the issue and to advise you of the product improvement kit being made available to correct the issue.

Children can access the headrest foam through a small opening in the headrest cover set and can pick off small pieces. These small foam pieces could be a choking hazard, so CYBEX initiated this voluntary recall. The seats meet all requirements for crashworthiness under the Federal safety standard FMVSS 213 and can continue to be used to transport your child safely, before and after you implement the product improvement kit.

CYBEX is providing the enclosed free product improvement kit that includes adhesive tape and instructions for application. It should take less than 10 minutes to install the product improvement kit. If you have questions about the recall or product improvement kit, please visit <https://cybex-online.com/en-us/safety-notice-and-recalls/Sirona-M> or contact CYBEX Customer Service at 1-877-242-5676. Please do not return the Sirona M car seat to retailers. If you received this notice in error, please contact CYBEX Customer Service at 1-877-242-5676.

The affected Sirona M car seats have model numbers listed in the table below and manufactured before September 1, 2018. The model number and date of manufacture are printed on a label on the bottom of the seat's base.

CYBEX Sirona M Model Number
518000385
518000387
518002145
518002149
518002151
518002153
519000211

If you believe that CYBEX has failed or is unable to remedy the defect without charge within a reasonable time, you may contact the following: Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, S.E., Washington, D.C. 20590, call the toll free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153), or visit <http://www.NHTSA.gov>.

CYBEX designs, engineers, and tests its products with safety as our number-one priority. We place great importance on your trust in us, and we apologize for any inconvenience or concern this matter has caused for you and your family.
