

IMPORTANT SAFETY RECALL

Rear Brake Hose

ZA6/NHTSA 22E-086

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA US has decided that a defect, which relates to motor vehicle safety, exists in certain Mopar aftermarket rear brake hoses, right rear 68371722AA, right rear 68371722AB, and left rear 68371723AB, intended for use on 2019 and 2020 Model Year (DP) Ram 4500/5500 Cab Chassis vehicles fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 106 - Brake hoses. Constriction requirement states, "Except for that part of an end fitting which does not contain hose, every inside diameter of any section of a hydraulic brake hose assembly shall be not less than 64 percent of the nominal inside diameter of the brake hose." Brake hoses that have an out of specification orifice diameter have an inside diameter that is less than the 64 percent requirement.

It is extremely important to take steps now to repair your vehicle to ensure the safety of you and your passengers.

WHY DOES MY ITEM OF EQUIPMENT NEED REPAIRS?

FCA records indicate that you may have had a rear brake hose replaced or purchased for your vehicle ^[1]. Some rear brake hose assemblies may have an out of specification orifice diameter. A brake hose that does not meet constriction requirements may be more susceptible to hose assembly rupture. **A ruptured brake hose could result in reduced braking performance, which may increase the risk of a crash without prior warning.**

HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

FCA will exchange/replace your rear brake hose ^[2] free of charge (parts and labor). To do this, if installed on a vehicle, your dealer will remove the affected hose and install a new hose. If not installed on a vehicle, your dealer will inspect the production date label to determine if the hose is affected and replace if needed. We recommend that you schedule a service appointment to minimize your inconvenience. Please bring your rear brake hose or vehicle with rear brake hose installed and this letter with you to your dealership.

**TO SCHEDULE YOUR FREE REPAIR,
CALL YOUR CHRYSLER, DODGE, JEEP OR RAM DEALER TODAY**

WHAT IF I ALREADY PAID TO HAVE THIS REPAIR COMPLETED?

If you have already experienced this specific condition and have paid to have it repaired, you may visit www.fcarecallreimbursement.com to submit your reimbursement request online. ^[3] Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you have had previous repairs performed and/or already received reimbursement, you may still need to have the recall repair performed.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.
