Dear «Dealer\_name»,

Keystone RV Company has decided that a defect which relates to motor vehicle safety exists in certain model 2022 Alpine, Avalanche Fifth Wheels. As a result, Keystone RV is conducting a safety recall.

***Reason for this recall***

It has been decided the vehicles in this recall population may have been manufactured with the exterior collapsible ladder not properly secured to the rear wall of the vehicle. If the ladder is not fastened securely to the rear wall, it may pull loose from the vehicle while an individual is utilizing the ladder, leading to an increased risk of personal injury. The vehicles included in the recall are:

Year	Model	Serial Number Ranges
2022	Alpine	NE780466 - NE780675
2022	Avalanche	NE760480 - NE760678

Our records indicate unit(s) sold or in your present lot inventory fall within this range, which will require immediate preventative action. **Important:** If some of the units are still in your inventory, Federal Law requires you to complete the recall service on those units before retail delivery. The unit VIN(s) our records indicate are presently in your inventory or have been sold are as follows:

«VIN1»	«VIN2»	«VIN3»	«VIN4»
«VIN5»	«VIN6»	«VIN7»	«VIN8»
«VIN9»	«VIN10»	«VIN11»	«VIN12»
«VIN13»	«VIN14»	«VIN15»	«VIN16»
«VIN17»			

-- Serial numbers with '\*' have been retail sold --

Claims for the units which have been serviced must be submitted. Claims submitted will be used by Keystone to record recall service completions and provide dealer payments. Enclosed is a copy of the Safety Advisory #22-419, which details how to remedy the situation and the proper reimbursement procedures.

We apologize for any inconvenience this situation may cause and greatly appreciate your cooperation. Should you have any questions or concerns regarding this correspondence or the enclosed Safety Advisory, please feel free to contact us.

Sincerely,

**KEYSTONE RV COMPANY**
