Hyundai is initiating Recall Campaign 218, a safety recall to repair a condition involving the Anti-Lock Brake System (ABS) modules in these vehicles in the U.S. and Canadian markets. Hyundai is conducting this action to ensure the safety of its vehicles for Hyundai customers. Our records indicate that your vehicle is affected by this recall campaign.

The actual time required to perform this procedure on your vehicle will approximately take less than one hour, however, your vehicle may be needed longer. Therefore, we recommend scheduling a service appointment to minimize inconvenience.

Owners are strongly recommended to park their vehicles outside and away from structures until recall remedy is completed.
