Please review the following information to ensure that it conforms to your records as this information is being made available to the public. **Mfr's Report Date:** February 22, 2022

**NHTSA Campaign Number:** 22V-099

**Components:**

BACK OVER PREVENTION: SENSING SYSTEM: CAMERA

**Potential Number of Units Affected:** 17,093

**Problem Description:**

Daimler Vans USA, LLC (DVUSA) is recalling certain 2015-2018 Mercedes-Benz Metris vehicles. A defective memory chip in the rearview camera may cause the display image to freeze.

**Consequence:**

A frozen rearview image does not show the live view of what is currently behind the vehicle, increasing the risk of a crash.

**Remedy:**

As an interim repair, dealers will update the rearview camera software, free of charge. Interim owner notification letters informing owners of the safety risk and interim repair are expected to be mailed March 21, 2022. Once remedy parts become available, dealers will replace the rearview camera, free of charge. Owners may contact DVUSA customer service at 1-877-762-8267. DVUSA's number for this recall is VS2RU54KAM.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.nhtsa.gov](http://www.nhtsa.gov).

**Please ensure the following requirements are met:**

Per the requirements of 573.6(c)(2)(iv), please provide the supplier name, contact information, address and country of origin (if known) for the rearview camera. If your company manufactured the component itself, then please state so in 573.

**AMENDED 573 REQUIRED.**

As required in Part 573.6, please amend the chronology to provide a summary of all warranty claims, field or service reports, and other information (such as the numbers of deaths and/or injuries), with their dates of receipt. If claim count exceeds 10 claims, please provide the total number of claims, and a receipt date range for those claims.

**AMENDED 573 REQUIRED.**
