IMPORTANT SAFETY RECALL (Remedy Notice)

**Certain 2020 through 2021 Model Year Porsche Taycan Vehicles
Porsche Recall ANA4 / NHTSA ID 22V-100**

Dear [REDACTED]

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Porsche has decided that certain 2020 to 2021 Model Year Porsche Taycan Vehicles may fail to conform to Federal Motor Vehicle Safety Standard 225, "Child Restraint Anchorage Systems".

What is the issue?

On affected vehicles the wiring harness to the center rear seat belt buckle may have been routed incorrectly during the assembly process. This may result in the inability to secure the "LATCH" Child Restraint System in the vehicle's passenger side rear seat.

What will Porsche do?

Porsche is conducting a safety recall to check the wiring harness on affected vehicles and adjust as necessary, as well as replace the rear center seat buckle if necessary, free of charge.

What should you do?

The remedy needed to complete this recall is now available. Please contact any authorized Porsche dealer to schedule an appointment to have this recall performed as soon as possible and to arrange for Porsche-provided alternate transportation, if necessary.
