REVISED NOTICE

IMPORTANT SAFETY RECALL

See enclosed VIN list

Subject: TBB EFX Seat Bolts

REVISION: The model description and problem statement have been revised.

This notice is sent to you in accordance with the requirements of the *National Traffic and Motor Vehicle Safety Act*.

Daimler Trucks North America LLC (DTNA), on behalf of its wholly owned subsidiary, Thomas Built Buses, has decided that certain Model Year 2020-2023 Saf-T-Liner EFX school buses manufactured June 6, 2019, through November 30, 2021 fail to conform to Federal Motor Vehicle Safety Standards No. 210, "Seat Belt Assembly Anchorage" and No. 222, "School Bus Passenger Seating and Crash Protection."

On the affected EFX school buses, certain passenger seats have a mounting bolt that may contact a chassis cross-member bolt which can cause fatigue from vibration and side loading. A broken seat mounting bolt may not properly restrain an occupant in a crash which can increase their risk of injury.

Spacers will be added between the frame rail and body floor in the affected area of the bus to provide proper clearance between the passenger seat mounting bolt and the chassis cross member bolt. Repairs will be performed by Daimler Trucks North America authorized service facilities.

Please contact an authorized Daimler Trucks North America dealer to arrange to have the Recall performed and to ensure that parts are available at the dealership. To locate an authorized dealer, search online at Daimler-TrucksNorthAmerica.com/Contact-us. Scroll down to "Locate a Dealer" and select the appropriate brand. The Recall will take approximately five hours and will be performed at no charge to you.
