Dear <FirstName LastName,>

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Hyundai has decided that a defect, which relates to motor vehicle safety, exists in certain 2022 model year Santa Fe and 2022 model year Santa Cruz vehicles. Hyundai is initiating Recall Campaign 222, a safety recall to repair a condition involving the turbo oil feed pipe in these vehicles in the U.S. and Canadian markets. Hyundai is conducting this action to ensure the safety of its vehicles for Hyundai customers. Our records indicate that your vehicle is affected by this recall campaign.

What is the problem?

The supply line feeding oil to the turbocharger in the subject vehicles may exhibit cracking at the eye joint which could result in an oil leak. Engine oil exposed to certain hot surfaces in the engine compartment could ignite and increase the risk of a fire.

What will Hyundai do?

Your Hyundai dealer will replace the turbo oil feed pipe with a new one. This procedure will be performed at **NO CHARGE** to you.

What should you do?

Please contact your nearest Hyundai dealer to schedule this procedure by visiting www.HyundaiUSA.com/us/en/dealer-locator or calling 1-855-371-9460.

The actual time required to perform this procedure on your vehicle will approximately take one hour and a half, however, your vehicle may be needed longer. Therefore, we recommend scheduling a service appointment to minimize inconvenience.
