Dear «Dealer_name»,

Keystone RV Company has decided that a defect which relates to motor vehicle safety exists in certain model 2022 Alpine, Arcadia, Avalanche, Fuzion, Impact, Passport Fifth Wheels and Travel Trailers. As a result, Keystone RV is conducting a safety recall.

Reason for this recall

It has been decided that the vehicles in the recall population have a 50 amp shore power inlet with a #2 Philips lug that may have been improperly stamped, not allowing it to be properly torqued by the installer. Under certain conditions if the lug is not properly torqued to 20 inch pounds, the loose connection can lead to an increased risk of property damage or fire. The vehicles included in the recall are:

Year	Model	Serial Number Range
2022	Alpine – All Models	NE780853 - NE780985
2022	Arcadia – All Models	NL550737 - NL550856
2022	Avalanche – All Models	NE760888 - NE761056
2022	Fuzion – All Models	NF810618 - NF810725
2022	Impact – All Models	NF815348 - NF815408
2022	Passport – All Models	NK413331 - NK413335

Our records indicate unit(s) sold or in your present lot inventory fall within this range, which will require immediate preventative action. **Important:** If some of the units are still in your inventory, Federal Law requires you to complete the recall service on those units before retail delivery. The unit VIN(s) our records indicate are presently in your inventory or have been sold are as follows:

«VIN1»	«VIN2»	«VIN3»	«VIN4»
«VIN5»	«VIN6»	«VIN7»	«VIN8»
«VIN9»	«VIN10»	«VIN11»	«VIN12»
«VIN13»	«VIN14»	«VIN15»	«VIN16»
«VIN17»			

-- Serial numbers with '*' have been retail sold --

Claims for the units which have been serviced must be submitted. Claims submitted will be used by Keystone to record recall service completions and provide dealer payments. Enclosed is a copy of the Safety Advisory #22-428, which details how to remedy the situation and the proper reimbursement procedures.

We apologize for any inconvenience this situation may cause and greatly appreciate your cooperation. Should you have any questions or concerns regarding this correspondence or the enclosed Safety Advisory, please feel free to contact us.
