SAFETY ADVISORY 22-430

Safety Recall:

US: 22V-209

CAN: 2022-161

Keystone,

mill@keystonerv.com

Dear :

Keystone RV Company has decided that a defect which relates to motor vehicle safety exists in certain model 2019-2022 Cougar Travel Trailers. As a result, Keystone RV is conducting a safety recall.

#### Reason for This Recall

It has been decided that on certain Cougar 29FKD Travel Trailers, the tires may come in contact with an outrigger. Under certain conditions during travel, if the tires make contact with the outrigger causing a tire blow out, it can lead to an increased risk of personal injury or vehicle crash. The vehicles included in the recall are:

#### **Year, Model**

2019-2022, Cougar 29FKD

#### **Serial Number Ranges**

2019, KV510568 - KV510568

2020, LV501245 - LV509098

2021, MV501156 - MV512901

2022, NV500784 - NV505003

#### VINs in Your Inventory

Our records indicate unit(s) sold or in your present lot inventory fall within this range, which will require immediate preventative action. Important: If some of the units are still in your inventory, Federal Law requires you to complete the recall service on those units before retail delivery.

Please log-in to Key Express for your list of VINs in campaign # 22-430.

#### Advisory Instructions

Claims for the units which have been serviced must be submitted. Claims submitted will be used by Keystone to record recall service completions and provide dealer payments. [Please click here for a copy of Safety Advisory 22-430](#) which details how to remedy the situation and the proper reimbursement procedures.

We apologize for any inconvenience this situation may cause and greatly appreciate your cooperation. Should you have any questions or concerns regarding this correspondence or the Safety Advisory, please feel free to contact us.

Sincerely,

KEYSTONE RV COMPANY
