Subject: Insufficient Transmission Oil in Gearbox

Dear Mr. Forghieri:

This letter serves to acknowledge Lamborghini (Automobili Lamborghini)'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

LAMBORGHINI/HURACAN/2020-2022

Mfr's Report Date: April 6, 2022

NHTSA Campaign Number: 22V-220

Components:

POWER TRAIN:AUTOMATIC TRANSMISSION:FLUID/LUBRICANT

Potential Number of Units Affected: 9

Problem Description:

Lamborghini (Automobili Lamborghini) is recalling certain 2020-2022 Huracan EVO and 2022 Huracan STO vehicles. The gearbox may have an insufficient amount of transmission oil, which can lead to clutch slippage, and in certain driving situations, a transmission oil leak.

Consequence:

Clutch slippage can cause a loss of drive power and increase the risk of a crash. A transmission oil leak in the presence of hot exhaust components can increase the risk of fire.

Remedy:

Dealers will inspect and correct the transmission oil level, as necessary, free of charge. Owner notification letters are expected to be mailed May 20, 2022. Owners may contact Automobili Lamborghini customer service 1-866-681-6276. Automobili Lamborghini's number for this recall is L62X-R.02.22.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.nhtsa.gov.

Please ensure the following requirements are met:

As required in Part 573.6, please amend the chronology to provide a summary of all warranty claims, field or service reports, and other information (such as the numbers of deaths and/or injuries), with their dates of receipt. If claim count exceeds 10 claims, please provide the total number of claims, and a receipt date range for those claims.

AMENDED 573 REQUIRED.

An identification and description of the risk to motor vehicle safety reasonably related to the defect or noncompliance (49 CFR 573.6 (c)(5)). Please amend the description of defect section of the report to include any potential risk that may occur as a result of clutch slippage, in addition to the fire risk.

AMENDED 573 REQUIRED.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Lamborghini (Automobili Lamborghini)'s contact for this recall will be Emily C. Smith who may be reached by email at emily.c.smith@dot.gov. We look forward to working with you.
