REIMBURSEMENT OF PRE-NOTIFICATION REMEDIES

When a Prevost vehicle is affected by a safety recall and the owner/purchaser (claimant) has the safety-related defect or FMVSS regulatory noncompliance remedied at their own expense prior to receiving the manufacturer notification of the safety recall, Prevost Car (US) Inc. will reimburse the owner/purchaser for the reasonable amount paid (i.e. the cost of parts, labor, disposal fees and taxes) that addressed the safety-related defect or FMVSS regulatory noncompliance as described in the safety recall notification. To qualify, repairs must have been completed no earlier than one year prior to the release of the safety recall (notification to the government) and no later than 10 days after the last mailing of the initial customer notification letter pertaining to the recall. To get reimbursed, please file an online warranty claim following normal campaign procedure if you are a registered customer, otherwise, please contact the Prevost Warranty Department at 1-866-870-2046 for reimbursement instructions.
