Subject: Compliance Recall 72M7 – Rear Seat Child Seat Anchor Covers

Dear Audi Owner,

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Audi has decided that certain 2022 model year Audi vehicles fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 225, Child Restraint Anchorage Systems. Our records show that you are the owner of a vehicle affected by this action.

Audi of America, Inc.

What is the issue? The lower child seat anchorages are not equipped with the required ISO symbol according to regulatory requirements. On the fitting sleeve, a European (“i-Size”) symbol is present and there is no symbol on the cover. An incorrectly marked child restraint anchorage may cause confusion during child seat installation, resulting in a child seat being improperly secured and increasing the risk of injury during a crash.

What will we do? To correct this noncompliance, your authorized Audi dealer will replace all four lower child seat anchorage sleeves with ones that meet the regulator requirement. This work will take about an hour to complete and will be performed for you free of charge. Please keep in mind that your dealer may need additional time for the preparation of the repair, as well as to accommodate their daily workshop schedule.

What should you do? Please contact your authorized Audi dealer without delay to schedule this recall repair. For your convenience, you can also visit www.audiusa.com and click on the “Find a Dealer” link to locate a dealer near you and schedule this service.

Lease vehicles and address changes If you are the lessor and registered owner of the vehicle identified in this action, the law requires you to forward this letter immediately via first-class mail to the lessee within ten (10) days of receipt. If you have changed your address or sold the vehicle, please fill out the enclosed prepaid Owner Reply card and mail it to us so we can update our records.
