

[Recall 224: Hydrogen Fuel Inlet– Remedy Not Available - Dealer Best Practice](#)

[April 12, 2022](#)

Updates to this Document

Date

- Remedy Not Available

04/12/2022

As required by federal law, dealers must not deliver new vehicles for sale or for lease to customers until all open recalls have been performed. Dealers must also perform all open recalls on used vehicles, demo, and rental vehicles prior to placing them into customer use and whenever an affected vehicle is in the shop for any maintenance or repair.

[Description of Campaign:](#)

Hyundai is initiating safety recall campaign 224 to repair a condition involving the hydrogen fuel system on certain 2019MY Hyundai Nexu vehicles in the U.S. and Canada. Hyundai is conducting this action to ensure the safety of its vehicles for Hyundai customers.

Immediately following hydrogen refueling, the receptacle filter material could detach, impacting the sealing performance of the hydrogen refueling inlet receptacle and increasing the risk of a hydrogen fuel leak.

[Affected Vehicles:](#)

- Certain 2019MY Nexu produced by HMC from August 10, 2018 through December 17, 2018, for sale in the U.S.
 - To check vehicle specific recall and campaign applicability, access the “Vehicle Information” screen via WebDCS.
 - For this recall, please note that there are no vehicles currently in dealer stock.

[Remedy Information:](#)

The remedy is currently under development and additional information will be provided once a countermeasure has been developed for release.

Training recommendations will also be made available once countermeasure is developed.

[Recommended Alternative Transportation:](#)

It is recommended that Service Rental Cars (SRCs) are made available for customers that are concerned with the safe operation of their vehicle prior to release of remedy.

[Best Practice Checklist](#)

Reservation: Did you check WebDCS for additional campaigns or recalls?

- Yes
- No

Reception: Did you offer the customer Alternative Transportation?

- Yes
- No

[Additional Training & Resources](#)

[Hyundai Learning Portal](#)

Remedy is currently under development. Applicable training courses related to this recall, if applicable, will be provided once a remedy has been released by HMA.

Warranty

Warranty information will be updated once remedy has been released by HMA.

Parts

Parts, if applicable, will be provided once a remedy has been released by HMA.

Customer Notification

NHTSA has been notified of this recall. Owners will be mailed notification letters in early June 2022.

Customer FAQs

Q1: What is the issue?

A1: Immediately following hydrogen refueling, the receptacle filter material could detach, impacting the sealing performance of the hydrogen refueling inlet receptacle and increasing the risk of a hydrogen fuel leak.

Q2: What is the safety concern?

A2: Hydrogen fuel leakage in the presence of a potential ignition source increases the risk of a fire.

Q3: Can owners continue driving these vehicles? Should they park them indoors or outdoors?

A3: Owners can continue driving these vehicles. However, Hyundai strongly recommends parking their vehicles outside and away from structures until the remedy is completed.

Q4: Should customers bring their vehicles to the dealership immediately?

A4: If a customer does not feel safe driving in his/her vehicle, he/she should bring his/her vehicle to the dealership and be put in a service rental vehicle until the remedy is completed.

Q5: Have there been any accidents or injuries?

A5: As of the date of this filing, Hyundai is only aware of one (1) incident in South Korea that resulted in a fire.

Q6: What will be done during the recall service at the dealer?

A6: Hyundai Motor America plans to notify owners of affected vehicles by first class mail with instructions to bring their vehicles to a Hyundai dealer to have the hydrogen fuel inlet receptacle replaced. This remedy will be offered at no cost to owners for all affected vehicles, regardless of whether the affected vehicles are still covered under Hyundai's New Vehicle Limited Warranty.

Additionally, Hyundai will provide owners of affected vehicles reimbursement for out-of-pocket expenses incurred to obtain a remedy for the recall condition in accordance with the reimbursement plan submitted to NHTSA on February 24, 2022.
