NHTSA RECALL 22V-244

Dear Nissan Sentra Owner:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Nissan has decided that certain 2020 Model Year Nissan Sentra vehicles fail to conform to Federal Motor Vehicle Standard (FMVSS) number 108, "Lamps, reflective devices, and associated equipment." Our records indicate that you own or lease the Nissan vehicle identified by the VIN on the inside of this notice.

Reason for Recall
Motivo del Retiro

Due to a supplier issue, the correct aiming logic was not applied when setting the headlamp aim parameters on your vehicle. As a result, the right-hand side LED (Light-Emitting Diode) headlamp assembly may be misaligned. Headlamps that are not aimed properly can result in insufficient illumination of the road while driving, which may increase the risk of a crash while driving at night.

What Nissan Will Do
Qué Hará Nissan

Your Nissan dealer will replace the right-hand LED headlamp assembly free of charge. This free service may take up to one (1) hour to complete, but your Nissan dealer may require your vehicle for a longer period of time based upon their work schedule.

What You Should Do
Qué Debes Hacer
