Super Duty	2020-2022	Ohio Assembly Plant	August 3, 2020 through October 20, 2021

Affected vehicles are identified in OASIS and FSA VIN Lists.

New! REASON FOR THIS SUPPLEMENT

- *To inform dealers that wiper arms can now be ordered using the DOW system. SSSC contact is no longer required to order wiper arms on this program for dealer repairs. Fleet vehicles will remain on the seed stock program.*

REASON FOR THIS SAFETY RECALL

In some of the affected vehicles, it may be possible for the vehicle wiper arms to perform erratically. This condition can potentially lead to a wiper arm that becomes inoperable and/or separated from the vehicle which can result in reduced visibility in certain conditions.

SERVICE ACTION

DO NOT DEMONSTRATE OR DELIVER any new in-stock vehicles involved in this safety recall. Dealers are to replace wiper arms on vehicles with manufacture build dates prior to June 7, 2021. Also, inspect wiper arms on vehicles with a manufacture build date on or after June 7, 2021, and if necessary, replace both left-hand and right-hand wiper arms. A new wiper blade will be installed ONLY if the wiper arm is missing. This service must be performed on all affected vehicles at no charge to the vehicle owner.

INTERIM SERVICE REPAIR FOR FLEET RENTAL VEHICLES ONLY

If wiper arms fail the inspection and new wiper arms are not available, Dealers can implement an interim repair of gluing the wiper arm key in place. This is for fleet rental vehicles only.

NOTE: Per policy, an interim repair can be performed on fleet rental vehicles only so the vehicle can be rented (but may not sell or lease). This is NOT a permanent fix. Final repair will still need to be performed. The wiper arms should be replaced as soon as new arms are available.

Parts are not yet available to repair all vehicles. Until parts are available to repair all vehicles, dealers may only order parts and repair vehicles, which are customer-owned and currently in the dealership.

OWNER NOTIFICATION MAILING SCHEDULE

Part available letters are expected to be mailed in Quarter 4 of 2022. Dealers should repair any affected vehicles that arrive at their dealerships, whether or not the customer has received a letter.

PLEASE NOTE:

Federal law requires dealers to complete this recall service before a new vehicle is delivered to the buyer or lessee. Violation of this requirement by a dealer could result in a civil penalty of up to \$21,000 per vehicle. Correct all vehicles in your new vehicle inventory before delivery.

QUESTIONS & ASSISTANCE

For questions and assistance, contact the Special Service Support Center (SSSC) via the SSSC Web Contact Site. The SSSC Web Contact Site can be accessed through the Professional Technician System (PTS) website using the SSSC link listed at the bottom of the OASIS VIN report screen or listed under the SSSC tab.

Sincerely,

Stacy L. Balzer

OASIS ACTIVATION

OASIS was activated on April 19, 2022

FSA VIN LISTS ACTIVATION

FSA VIN Lists are available through <https://web.fsavinlists.dealerconnection.com> on April 19, 2022. Owner names and addresses are expected to be available in Quarter 4 2022.

NOTE: Your FSA VIN Lists may contain owner names and addresses obtained from motor vehicle registration records. The use of such motor vehicle registration data for any purpose other than in connection with this recall is a violation of law in several states, provinces, and countries. Accordingly, you must limit the use of this listing to the follow-up necessary to complete this recall.

SOLD VEHICLES

- Ford has not issued instructions to stop selling/delivering or driving used vehicles under this safety recall. Owners should contact their dealer for an appointment to have their vehicles remedied as soon as practicable. Owners can continue to safely drive their vehicles.
- Immediately contact any of your affected customers whose vehicles are not on your VIN list but are identified in OASIS. Give the customer a copy of the Owner Notification Letter (when available) and schedule a service date.
- Correct other affected vehicles identified in OASIS which are brought to your dealership.
- Dealers are to prioritize repairs of customer vehicles over repairs of new and used vehicle inventory.

STOCK VEHICLES

- Correct all affected units in your new vehicle inventory before delivery.
- Use OASIS to identify any affected vehicles in your used vehicle inventory.

DEALER-OPERATED RENTAL VEHICLES

The Fixing America's Surface Transportation (FAST) Act law effective June 2016 prohibits a rental company from selling, renting or leasing vehicles subject to a safety or compliance recall. Please consult your legal counsel for legal advice.

TITLE BRANDED / SALVAGED VEHICLES

Affected title branded and salvaged vehicles are eligible for this recall

OWNER REFUNDS

This safety recall must still be performed, even if the owner has paid for a previous repair. Claiming a refund will not close the recall on the vehicle.

- Ford Motor Company is offering a refund for owner-paid repairs covered by this recall if the repair was performed prior to the date indicated in the reimbursement plan, which is posted with this bulletin. Owners are directed to seek reimbursement through authorized dealers or, at their option, directly through Ford Motor Company at P.O. Box 6251, Dearborn, MI 48121-6251.
- Refunds will only be provided for the cost associated with wiper arm replacement.

RENTAL VEHICLES

Rental vehicles are not approved for this program.

LINCOLN PICKUP AND DELIVERY

Owners of 2017 MY and newer Lincoln vehicles have the option of requesting pickup and delivery service with a Lincoln loaner (up to 2 days), from their dealership. For details, reference EFC09879, 2022 Lincoln Pickup & Delivery Updates.

ADDITIONAL REPAIR (LABOR TIME AND/OR PARTS)

Additional repairs identified as necessary to complete the FSA should be managed as follows:

- For related damage and access time requirements, refer to the Warranty and Policy Manual / Section 6 – Ford & Lincoln Program Policies / General Information & Special Circumstances for FSA's / Related Damage.
- For vehicles within new vehicle bumper-to-bumper warranty coverage, no SSSC approval is required, although related damage must be on a separate repair line with the "Related Damage" radio button checked.
 - Ford vehicles – 3 years or 36,000 miles
 - Lincoln vehicles – 4 years or 50,000 miles

REPLACED FSA PARTS INSPECTION AND SIGN OFF

Effective March 1st 2021 all parts replaced as part of an FSA repair with a repair order open date of March 1st 2021 or later must be inspected and signed off on the repair order by a member of your dealers fixed operations management team or an employee the task has been delegated to. If the task is to be delegated to a non-management employee, the employee needs to be someone other than the technician who completed the repair and needs to understand the importance of completing this task consistently and accurately.

- All parts replaced as part of an FSA repair should be returned to the parts department following the Warranty Parts Retention and Return Policies.
- Inspect the replaced parts to verify the FSA repair was completed.
- If the FSA repair is found to be complete, the designated employee signs the repair order line or parts return stamp area (electronic or hand signed) for the FSA repair indicating the parts were inspected and validated to have been replaced.
- After the parts have been inspected, they should be handled based on the guidance in the parts status report in the Online Warranty System (Hold, Return, CORE, Scrap, etc.).
- This process is subject to review during warranty audits for FSA repairs with a repair order open date of March 1st 2021 or later. Any eligible FSA claims requiring parts replacement, found not to have been inspected and signed off during a warranty audit will be subject to chargeback and consideration for enrollment into the Dealer Incomplete Recall Repair Process.

Note: Other approvals (electronic or handwritten) for add-on repair lines, dealer owned vehicle repairs, and repeat repairs do not qualify as FSA parts inspection approvals. The post repair FSA parts inspection process (electronic or handwritten) is independent from other warranty approval requirements. The approval by the designated employee implies that the FSA parts were found to be replaced and must be able to be clearly identified on the Repair Order. If multiple FSA's require approval on a single Repair Order, each applicable occurrence will require individual post repair approval by the designated employee.

SERVICE PROCEDURE

1. Is vehicle's manufacture build date on or after June 7, 2021?
Yes - Proceed to Step 2.
No - Replace wiper arms. Please follow Workshop Manual (WSM) procedures in Section 501-16
2. Remove the left-hand side wiper arm. Please follow WSM procedures in Section 501-16.
3. Looking inside the arm head, locate the date code wheel. See Figure 1.

FIGURE 1

4. Using a camera or cell phone, photograph the date code wheel on the wiper arm. Regardless of pass or fail status the pictures will need to be submitted through Report a Vehicle Concern in PTS.

See page 2 for instructions for using PTS (Report a Vehicle Concern).

5. If the date code wheel has a 19 with 12 dots or a 21 with 5 or more dots, then the wiper arm is considered good. Refer to Figure 1. Does the wiper arm meet this criteria?
Yes - Wiper arm passes, reinstall wiper arm. Please follow WSM procedures in Section 501-16.
No - Wiper arm fails. Replace wiper arm.
6. Repeat steps 3-5 for right-hand side wiper arm.
