July 2022

- Your vehicle is not compliant with a Federal Motor Vehicle Safety Standard
- A remedy is available for your vehicle.
- Schedule an appointment with your authorized Mercedes-Benz dealer as soon as possible.
- The software update will be provided free of charge.

Dear Mercedes-Benz Sprinter Owner:

This notice is being sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Mercedes-Benz AG ("MBAG"), the manufacturer of Sprinter vans, has determined that certain Model Year 2019-2021 Mercedes-Benz Sprinter vehicles fail to conform to Federal Motor Vehicle Safety Standard No. 111 "Rear Visibility." Our records indicate that your vehicle is included in the affected population of vehicles.

What is the issue?

The display function of the rearview camera might be impaired. In some instances the rearview image might not be displayed in the central display after engaging the reverse gear. Instead, the central display would continue to display the existing screen image (e.g. navigation, radio, etc.) or display a black screen with a message warning of the inoperability of the rearview camera to display an image. A rearview camera image that does not display right away might impair rear visibility, which could increase the risk of a crash.

What will your Mercedes-Benz Dealer do?

An authorized Mercedes-Benz Sprinter dealer will update the rearview camera software to current product specifications. **The software update could take approximately 30 minutes.**

This service will be provided **free of charge**. You may be asked for your 17-digit Vehicle Identification Number (VIN) which for your convenience is located above your name at the top of this letter.

Steps to take.

For additional information and to schedule an appointment, please contact your preferred authorized Mercedes-Benz Metris dealer at your earliest convenience. To locate the nearest Mercedes-Benz Metris dealer, visit <https://www.mbvans.com/en/dealers> or call 1-800-FOR-MERCEDES (1-800-367-6372).

Please mention you are scheduling an appointment to **update rear view camera software under Recall Campaign #2022040011**.

If you have already paid to have this recall condition corrected, you may be eligible to receive reimbursement. Requests for reimbursement may include parts, labor, fees and taxes. Reimbursement may be limited to the amount the repair would have cost if completed by an authorized Mercedes-Benz dealer. Please see the following page for more information.

A VIN-based recall lookup tool on our website offers a search feature that will indicate whether a vehicle has been subject to a safety recall, and whether that vehicle has had the free remedy performed. Please visit www.mbvans.com/en/recall-information. Should you have any questions or encounter any difficulty regarding this recall campaign, please contact an authorized Mercedes-Benz Metris dealer. We apologize for any inconvenience this may have caused and look forward to taking care of this important safety issue immediately.

Sincerely,
