## FLEX TECH QUICK DISCONNECT INSPECTION

- Inspect the Quick Disconnect at the exterior grill for a black dust cap. (Figure 1) File for inspection only if the dust cap is any other color. Complete repair instructions below if the dust cap is black.

Fig 1

## INSTRUCTIONS FOR REPLACING THE FLEX TECH QUICK DISCONNECT

- 1) Replace the Quick Disconnect at the exterior grill location and use soapy water to check if there is an LP leak after installing the new Quick Disconnect.

*Jayco's sole obligation under our limited warranty is to repair or replace defective materials and/or workmanship deemed our responsibility as determined by Jayco in our sole discretion. Jayco reserves the right to use new and/or remanufactured parts or materials of similar quality to complete any work, and to make parts and/or design changes as appropriate without notice to anyone. Jayco designs and/or materials changes are done without obligation to incorporate such changes in previously manufactured product. Jayco makes every reasonable effort to ensure field remedies will not adversely affect performance and/or safety of the unit. This field remedy is not intended to extend to future performance of this RV, or any of its materials, components or parts beyond the standard warranty period. The RV owner's obligation to notify Jayco, or one of its independent, authorized dealers, of a claimed defect does not modify any obligation placed on the RV owner to contact Jayco directly when attempting to pursue remedies under state or federal law.*
