NHTSA Safety Recall 22V-309

THIS NOTICE APPLIES TO YOUR VEHICLE.

VIN:

Dear Owner:

This notice is being sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Our records indicate that you have purchased a vehicle with the serial number which appears above.

REASON FOR THIS RECALL

Winnebago Towables has decided that a defect which relates to vehicle safety exists on certain 2021 and 2022 Winnebago Voyage, and 2022 Micro Minnie FLX models. Winnebago Voyage vehicles were manufactured July 28, 2021, through April 21, 2022. Winnebago Micro Minnie FLX vehicles were manufactured March 15, 2022, through March 30, 2022.

The LP Gas Quick Disconnect Fitting may be cracked, and, in some cases, the cracking may result in a propane leak, which increases the risk of a fire. In all cases, the fittings at issue are located outside the living quarters of the RV (underneath or at an outside kitchen) for all Winnebago Industries and associated brand vehicles.

WHAT WE WILL DO

Winnebago Towables dealers will inspect and if necessary, install a LP Quick Connect on you RV. This will be at no charge to you.

WHAT YOU SHOULD DO

Please contact your Winnebago Towables dealer immediately to arrange for an appointment. The labor time necessary to perform this correction depending on the repair will be approximately 1 hour. Please allow additional time for the dealer to process your vehicle.

Winnebago Towables dealers are best equipped to obtain parts and provide service to ensure your vehicle is corrected as promptly as possible. HOWEVER, if you take your vehicle to the dealer on the agreed date and he does not service this condition on that date or within five days, we recommend you contact Winnebago Towables, Attn.: Customer Service at (574) 825-5250.
