EQUIPMENT:OTHER:LABELS

**Potential Number of Units Affected:** 661

**Problem Description:**

Gulf States Toyota, Inc. (GST) is recalling certain 2022 4Runner, Tacoma, Highlander, and Highlander Hybrid vehicles. The load carrying capacity modification labels may not be permanent and can fade, becoming illegible. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard number 110, "Tire Selection and Rims."

An illegible label may allow the vehicle to be overloaded, increasing the risk of a crash.

**Remedy:**

GST will notify owners by mail, including a replacement load carrying capacity modification label for their vehicle and detailed replacement instructions, free of charge. Owner notification letters are expected to be mailed June 27, 2022. Owners may contact GST customer service at 1-713-744-3465. GST's number for this recall is 22R1.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.nhtsa.gov](http://www.nhtsa.gov).
