Details of the Recall

The wire harness on your vehicle may be incompatible with the tail lamp assembly, which results in nonfunctional side marker lamps within the tail lamp assembly. Vehicles with nonfunctional side marker lamps may cause an approaching vehicle to be unaware of the position and dimensions of the vehicle, increasing the risk of a crash without prior warning.

FCA will repair your vehicle free of charge (parts and labor). To do this, your dealer will replace the tail lamp assemblies on all affected vehicles. The estimated repair time is 30 minutes. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit, which may require more time. Your time is important to us, so we recommend that you schedule a service appointment to minimize your inconvenience.

How do I schedule my **FREE** repair?

- ◆ Simply contact your Chrysler, Jeep®, Dodge or RAM dealer right away to schedule a service appointment.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.
