Dear valued Lamborghini Sales and Service Manager,

In the course of continuous product monitoring and internal tests, Automobili Lamborghini S.p.A. has determined that a defect that relates to motor vehicle safety exists in certain 2022 Huracan EVO and STO vehicles.

The left door outside handle may not have been properly assembled. The safety clip of the cable that unlatches the door when the outer handle is pulled may have not been properly positioned. As a result, over time, the cable could become loose and the left-side doors may not be able to be opened from outside of the vehicle.

This failure could lead to the inability to operate the handle from outside of the vehicle with a safety risk in case of emergency. The door can be opened from inside at any time.

For the reasons listed above, in a precautionary manner, Automobili Lamborghini decided to launch a worldwide recall campaign to rework the involved cars. The repair instructions are now available on the DMS section "Service and Recall Campaigns" as well as on LIASS.

In order to further support you in answering questions to your customers, we are attaching the FAQ (Frequent Asked Question) you must observe. Since these activities are extremely important, we are confident you will make every effort to ensure that the vehicles are repaired in the shortest time possible. For further information, please do not hesitate to contact your responsible Area Manager.

Every affected inventory vehicle must be REMEDIED BEFORE DELIVERY TO CONSUMERS. Therefore, please carry out following Stop Sale/Stop Delivery immediately.

IMPORTANT REMINDER: VEHICLES AFFECTED BY SAFETY & COMPLIANCE RECALLS

New Vehicles in Dealer Inventory: It is a violation of federal law for a dealer to deliver a new motor vehicle or any new or used item of motor vehicle equipment (including a tire) covered by this notification under a sale or lease until the defect or noncompliance is remedied. By law, dealers must correct, prior to delivery for sale or lease, any vehicle that fails to comply with an applicable Federal Motor Vehicle Safety Standard or that contains a defect relating to motor vehicle safety.

Pre-Owned Vehicles in Dealer Inventory: Dealers should not deliver any pre-owned vehicles in their inventory which are involved in a safety or compliance recall until the defect has been remedied.

Ensure all relevant dealership personnel are aware of this notice so they are able to address customer questions. Owners of affected cars will be notified in writing in July 2022.
