Subject: Side Marker and Daytime Running Lights May Fail

Dear Mr. Diaz:

This letter serves to acknowledge Ford Motor Company's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

LINCOLN/NAVIGATOR/2022

Mfr's Report Date: June 24, 2022

NHTSA Campaign Number: 22V-455

Components:

EXTERIOR LIGHTING:LIGHTING CONTROL MODULE:SOFTWARE

Potential Number of Units Affected: 965

Problem Description:

Ford Motor Company (Ford) is recalling certain 2022 Lincoln Navigator vehicles. The headlight control module software may cause the side marker and daytime running lights to fail. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard number 108, "Lamps, Reflective Devices, and Associated Equipment."

Consequence:

A loss of exterior lighting can reduce visibility and increase the risk of a crash.

Remedy:

Dealers will update the headlight control module software and recalibrate the headlights, free of charge. Owner notification letters are expected to be mailed July 11, 2022. Owners may contact Ford customer service at 1-866-436-7332. Ford's number for this recall is 22C14.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.nhtsa.gov.

We have received Ford's proposed owner notification letter and it is approved for distribution.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

As stated in Part 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Ford Motor Company's contact for this recall will be DeMara Magruder who may be reached by email at demara.magruder@dot.gov. We look forward to working with you.

Sincerely,

Alex Ansley
Chief, Recall Management Division
