Grand Total 5

Production Dates : AUG 16, 2016 - OCT 13, 2020

VIN Range 1 : Begin :

NR

End : NR

☐ Not sequential

Description of Defect :

Description of the Defect : Manchester recently discovered that a small number of RegO service valves on recreational vehicle tanks have some short threads in the POL outlets. The short threads do not allow the POL connector to fully seat. This may result in a leak at the connection

FMVSS 1 : NR

FMVSS 2 : NR

Description of the Safety Risk : The thread depth of the POL outlet is less than specification, which could result in a leak of propane. This could result in a fire or explosion and serious personal injury, property damage, or both.

Description of the Cause : Unknown

Identification of Any Warning that can Occur : Unknown

Involved Components :

Component Name 1 : LPG Safety Valve

Component Description : LPG Safety Valve

Component Part Number : See Notice from Manchester Tank/REGO

Supplier Identification :**Component Manufacturer**

Name : REGO

Address : 100 RegO Dr.

Elon North Carolina 27244

Country : United States

Chronology :

On 6/30/2022, Forest River's Manufacturing Plant received an email containing a Field Advisory from Manchester Tank. On the same day the information was forwarded to Forest Rivers Office of Corporate Compliance whom reached out to Manchester Tank to obtain purchasing records.

On July 1, 2022 through July 7, 2022, Forest River's Office of Corporate Compliance worked with each manufacturing plant to determine the scope of vehicles that could contain this service valve from Manchester

Tanks

On July 8, 2022, Forest River notified the Corporate Recall Committee and it was decided due to the safety risk a recall would be filed a recall with NHTSA and Transport Canada

A- 1 On July 11, 2022, during further investigation, OCC learned that the Galleria, Beyond and NOVA Class B Recreational Vehicles do not use the POL valve. Rather, they utilize a solenoid valve. The Galleria, Beyond and NOVA are excused from the scope of the recall.

The same day, Manchester provided purchasing records to OCC. Using the purchasing records from Manchester, OCC identified additional vehicles by using the purchase orders for Parts & Service that are tied to specific VINs. These are reflected in our Amendment filing. The additional vehicles are Pursuit, SportsCoach, and Freelanders. Leprechaun was added in Canada only.

A-2 On July 14, 2022, amended to reflect remedy update and contact update.

Description of Remedy :

Description of Remedy Program : Forest River and Coachmen will provide all parts and labor free of charge to Consumers and Dealers. An authorized Forest River dealer will need to perform the remedy. The service valve on the container will need to be inspected for certain markings to determine if a replacement is needed. If a replacement is needed A-1 please follow the remedy instructions to obtain a new valve and replace the recalled valve. given by Manchester Tank/ REGO to obtain and replace the valve.

What is the Forest River/Coachmen Customer Service Phone Number?
Coachmen Class B Beyond, Galleria, Nova (574) 825-6319 or (574) 825-6225
Dynamax (574) 262-3474
Sportscoach and Pursuit (574) 825-8212
Leprechaun & Freelanders (574) 825-8602

If you have already paid for a repair that is within the scope of this defect under recall, you still need to have this recall inspected and/or performed to ensure the correct parts and procedures were utilized. Additionally, you may be eligible for a refund of previously paid repairs. Refunds will only be provided for within the scope of this defect under recall.
Please send the service invoice to the following address:

How Remedy Component Differs from Recalled Component : Unknown
Manchester Tank - (615) 370-3833
1000 Corporate Centre Drive Suite 300
Franklyn, TN 37067
See Notice from Manchester Tank/REGO

Identify How/When Recall Condition was Corrected in Production : According to the notice received from Manchester Tanks: "The affected valves have manufacturing date codes between 02X21 and 02X22. The 'X' represents any letter between A through E, which denotes the week of the month the valve was assembled."

Recall Schedule :

Description of Recall Schedule : Forest River has the utmost urgency in our recalls. Forest River will send suspected VIN numbers to our third party vendor that is licensed to pull data on the current owner of the vehicles (as needed) once a formal NHTSA I.D. is provided. Forest River intends on pushing the mailing out as soon as NHTSA provides any correction(s) and an Acknowledgement Letter.
