IMPORTANT SAFETY RECALL

(NHTSA Recall Number: 22V509)

This notice applies to your vehicle: **(Insert VIN)**

July 27, 2022

Dear Kia Telluride Vehicle Owner:

Kia has identified a defect in your vehicle which relates to a noncompliance with a Federal Motor Vehicle Safety Standard (FMVSS).

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Kia America, Inc. has decided certain 2022 MY Telluride vehicles fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 110, "Tire Selection and Rims." An incorrect-size spare tire can impair the anti-lock braking system (ABS) and/or traction control system (TCS), thereby increasing the risk of a crash. Our records indicate that you own or lease one of the potentially affected vehicles.

What Is The Problem?

An incorrect-size spare tire may have been included in your vehicle during production. The spare tire included in your vehicle may not match the spare tire size printed on the placard affixed to the driver's door pillar. Driving with an incorrect-size spare tire installed may impair your vehicle's anti-lock braking system (ABS) and/or traction control system (TCS), thereby increasing the risk of a crash.

Kia Will Inspect and, If Necessary, Replace The Spare Tire At No Cost To You.

Dealers will inspect and, if necessary, replace the spare tire in your vehicle with a new one of the correct size. This recall will be performed **at no cost to you**. The estimated time required to perform the recall will be approximately one (1) hour.

What Should You Do?

- In the interest of the safety of your passengers, as well as your own safety, please immediately contact your authorized Kia dealer to arrange for the recall repair to be performed on your vehicle.
- If your vehicle currently has its spare tire installed at one of the four road wheel positions, or if you encounter a flat tire before having the recall repair performed by your authorized Kia dealer, make sure to check the spare tire dimensions on the tire's sidewall. If the dimensions do not match the dimensions in the placard affixed to the driver's door pillar, do not use the spare tire. Instead, please contact Kia Roadside Assistance at kia.rsahelp.com or by phone at 800.333.4Kia (4542) to provide towing assistance.
