2023 – FE 350s, FE 501s

Dear Husqvarna Motorcycles Customer,

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

KTM North America, Inc. (KTM) has decided that certain 2019-2023 Husqvarna motorcycles, equipped with Continental Tire the Americas, LLC ("CTA")'s TKC 80 tires, fail to conform to Federal Motor Vehicle Safety Standard No. 119, "New pneumatic tires - other than passenger cars."

CTA has initiated a tire safety recall to remove the tires on these motorcycles from service.

CTA has determined that groove cracks in the tread rubber developed during internal testing. Groove cracking may appear during the tire service life and can lead to tread separation, increasing the risk of a crash.

On certain 701 Enduro Models listed above, only the originally equipped TKC 80 front tire is affected and needs replaced

On certain FE 250, 350, and 501 Models listed above, both the originally equipped TKC 80 front and rear tires are affected and need replaced.

Procedure to follow if you have affected tires currently mounted on your motorcycle and will visit a Husqvarna Motorcycles Dealer:

Customers that still have originally equipped TKC 80 tires mounted on their motorcycle are eligible to have the recall tire replacement performed by an authorized Husqvarna Motorcycles dealer.

If you have originally equipped affected TKC 80 tires mounted on your motorcycle please contact your authorized Husqvarna Motorcycles Dealer (log onto www.husqvarna-motorcycles.com for a complete dealer listing) as soon as possible to arrange having your affected TKC 80 tire or tires replaced. It is suggested that you call your local authorized Husqvarna Motorcycles Dealer to make an appointment to have the recall repair performed. It is also advised that during your conversation with the dealer that you discuss tire availability with them so replacement tires can be ready and available to mount on your motorcycle at the time of your appointment. Please present a copy of this letter along with your motorcycle to your local authorized Husqvarna Motorcycles dealer. There will be no charge for this service.

Procedure to follow if you have affected tires currently mounted on your motorcycle and will visit a Continental tire Dealer:

You also have the option to have your affected TKC 80 tires replaced by your nearest Continental tire dealer. Customers that decide this option will have to organize the tire replacement and reimbursement between the Continental tire dealer and Continental Tire the Americas.

If you choose this option please contact Continental Tire the Americas for guidance and assistance. Customers should visit the Continental Motorcycle Tire Recall website at <https://www.recallapps.com/app/continentaltires> for more information on rules and procedures. Or you can call Continental at 1-888-799-2168 (Menu option - Motorcycle Tire Recall) for assistance.
