Dear Grand Design RV Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Grand Design RV has decided that a defect which relates to motor vehicle safety exists in certain **2022 & 2023 Grand Design Momentum** fifth wheel units.

! IMPORTANT !

- Your vehicle falls within the recall population.
- You should immediately schedule an appointment with your dealer to have your vehicle repaired.

Why is a recall being conducted?

A defect with Lippert PRX1 Power Ramp Door mechanism was determined to exist in certain **2022 & 2023 Grand Design Momentum** fifth wheels produced between November 5, 2021, and July 28, 2022. The power cut-off switch may fail allowing continuous power to the electric winch which lowers and raises the ramp door. Were the cut-off switch to fail, the winch may continue to run, allowing the cable system to unwind itself with the door is in a closed position. Were this to occur, the door could freefall when lowering causing injury to the operator.
