Subject: Cloudy Camera Lens May Reduce Rear Visibility

Dear Mr. Diaz:

This letter serves to acknowledge Ford Motor Company's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

FORD/F-250 SD/2017-2020
FORD/F-350 SD/2017-2020
FORD/F-450 SD/2017-2020
LINCOLN/CONTINENTAL/2017-2020

Mfr's Report Date: August 26, 2022

NHTSA Campaign Number: 22V-644

Components:

BACK OVER PREVENTION: SENSING SYSTEM: CAMERA

Potential Number of Units Affected: 277,040

Problem Description:

Ford Motor Company (Ford) is recalling certain 2017-2020 F-Super Duty F-250, F-350, F-450, and 2017-2020 Lincoln Continental vehicles equipped with the 360-degree camera system. Degradation of the camera's anti-reflective lens coating can lead to a foggy or cloudy rearview camera image.

Consequence:

Lack of a clear rearview camera image can reduce the driver's visibility of what is behind the vehicle, increasing the risk of a crash.

Remedy:

Dealers will replace the rearview camera, free of charge. Owner notification letters are expected to be mailed September 12, 2022. Owners may contact Ford customer service at 1-800-1-866-436-7332. Ford's number for this recall is 22S51.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.nhtsa.gov.

We have received Ford's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Ford Motor Company's contact for this recall will be DeMara Magruder who may be reached by email at demara.magruder@dot.gov. We look forward to working with you.

Sincerely,

Alex Ansley
Chief, Recall Management Division
Office of Defects Investigation
Enforcement
