

NHTSA Safety Recall 22V-696

TO: Winnebago Motorhome Dealers
SUBJECT: Campaign # 168 – Travato Awning
****ADDENDUM****

The National Traffic and Motor Vehicle Safety Act, as amended, provides that each vehicle which is subject to a recall campaign of this type must be adequately repaired within a reasonable time after the owner has tendered it for repair. A failure to adequately repair within 60 days after tender of a vehicle is prima facie evidence of failure to repair within a reasonable time.

If the condition is not adequately repaired within a reasonable time, the owners may be entitled to an identical or reasonably equivalent vehicle at no charge or to a refund of the purchase price less a reasonable allowance for depreciation.

To avoid having to provide these burdensome solutions, every effort must be made to promptly schedule an appointment with each owner and to repair their vehicle as soon as possible. As you will see in reading the enclosed copy of the letter, which is being sent to owners, the owners are being instructed to contact Winnebago Motorhomes, if you do not remedy the condition within five days of the mutually agreed upon service date. If the condition is not remedied within a reasonable time, they are instructed on how to contact the National Highway Traffic Safety Administration.

REASON FOR THIS RECALL

Winnebago Motorhomes has decided that a defect related to motor vehicle safety exists on certain 2020 - 2023 Travato Motorhomes. These motor homes were manufactured January 24, 2018 through September 16, 2022.

In some cases, retractable awnings are extending unintentionally while the motorhome is in motion. An awning that extends unintentionally while the motorhome is in motion could present a road hazard, which can increase the risk of a crash.

REASON FOR RECALL ADDENDUM

You are receiving this notice because the previous population range has been revised. Upon further investigation, it was identified that certain motorhomes produced between 01/29/2018 and 09/02/2020 do not contain parts affected by this recall. All 2019 and early 2020 model year motorhomes were removed from this population.
